LATE ITEMS

6.2 LATE ITEMS

(Pages 3 - 4)

This page is intentionally left blank

SUMMARY of LATE ITEMS

5.1 21/00810/ROC

Amendments to the conditions as follows:

- Condition 22 “No works, including site clearance, shall take place on Boundary Brook unless and until water vole and reptile surveys have been carried out...” under **Conditions in respect of full element to be moved to Condition 21 under Conditions in respect of outline element.** Conditions in respect of full element to be renumbered accordingly

5.2 21/00575/FUL

In respect of the justification for funds, the CCG have commented as follows:

- The practice that would most benefit from these monies is Manor Surgery which is already running at almost 200 over their prediction of increasing capacity to 13,000 patients. I know the CCG had asked for a S106 contribution of £28,719.38 and see your notes re the shortfall in total contributions, so we would be grateful of any amount you can secure on our behalf for this development.

5.3 21/00758/FUL – Broadgate House, Broadgate, Beeston NG9 2HF

- Resident re-consultation for 7 days in relation to amended Proposed Lower Ground Floor Plan No. A-20082-20-001_P2.
- 17 objections received raising the same concerns as listed within the committee report.

5.4 21/00371/FUL
