232 Queens Road, Beeston, Nottingham, NG9 2BN

Councillors P Lally and L A Lally had requested that this application be determined by the Committee.

There were no late items pertaining to the application.

Ms Lucie Harrison (objecting) and Councillor P Lally (ward member) made representations to the Committee prior to the general debate.

During the debate the Inspector's report on the previous application was considered, as was the impact on neighbour amenity, overcrowding, design and the impact on already busy streets for emergency access to Dagmar Road.

RESOLVED that planning permission be refused, with the precise wording of the refusal to be delegated Head of Planning and Economic Development in consultation with the Chair of the Planning Committee.

Reason

The proposed development by virtue of its excessive scale and massing on a prominent corner plot location would create a significant social and environmental impact on the character and appearance of the area. Accordingly, the proposal would be contrary to Policy 17 of the Part 2 Local Plan (2019), Policy 10 of the Broxtowe Aligned Core Strategy (2014) and the National Planning Policy Framework (2019).

43.3 20/00585/FUL

Change of use from agricultural land to mixed use agricultural and outdoor leisure/recreational use and erect two Polytunnels, two steel containers for tool storage and portacabin for community use

Land at Greasley Castle Farm, 120 Church Road, Greasley, NG16 2AB

This application had been called before Committee as it proposed inappropriate development in the Green Belt.

There were no late items in respect of the application and no public speakers.

The Committee debated the application with particular reference to the temporary nature of the permission and the opportunities the development would give to children with disabilities and their families to partake in outdoor activities. The debate progressed on to the concern that the proposed polytunnels could be an eyesore, in particular spoiling the iconic view from Hemmingway Close up to the Church and Castle Farm. Mitigation of the appearance of the polytunnels was discussed. There was also concern that this could represent development by stealth, though it was noted that any further development would have to come before the Committee.

It was proposed by Councillor D K Watts and seconded by Councillor D Grindell that a condition be added to the planning permission making it clear that the development should only be permitted if it was to be used by a community group. On being put to the meeting the proposal was passed.

RESOLVED that planning permission be granted subject to the following conditions and an additional condition relating to the use of the development being specifically for community groups and the precise wording of the condition to be delegated to the Head of Planning and Economic Development in consultation with the Chair of the Planning Committee.

Reason: For the avoidance of doubt.

3. The permission for the change of use of the land and siting of buildings hereby approved shall be for a limited period of 5 years, expiring on the 10 December 2025 when the buildings permitted shall be removed and the land reinstated to its former state to the satisfaction of the Local Planning Authority unless prior permission has first been obtained in writing from the Local Planning Authority.

Reason: The buildings by virtue of their construction and appearance are not suitable for permanent retention and in accordance with Broxtowe Part 2 Local Plan (2019) Policy 17.

4. The portacabin and storage containers hereby approved shall be dark green in colour, and retained as such for the lifetime of the development.

Reason: To ensure the development is in keeping with the character of the surrounding area and in accordance with Broxtowe Part 2 Local Plan (2019) Policy 17.
