Our reports are prepared in the context of the 'Statement of responsibilities of auditors and audited bodies' issued by Public Sector Audit Appointments Ltd. Reports and letters prepared by appointed auditors and addressed to members or officers are prepared for the sole use of the Council. No responsibility is accepted to any member or officer in their individual capacity or to any third party. Our written consent must first be obtained before this document, or any part of it, is disclosed to a third party.

Mazars LLP is the UK firm of Mazars, an international advisory and accountancy group. Mazars LLP is registered by the Institute of Chartered Accountants in England and Wales.

1. EXECUTIVE SUMMARY

Purpose of the Annual Audit Letter

Our Annual Audit Letter summarises the work we have undertaken as the auditor for Broxtowe Borough Council (the Council) for the year ended 31 March 2020. Although this letter is addressed to the Council, it is designed to be read by a wider audience including members of the public and other external stakeholders.

Our responsibilities are defined by the Local Audit and Accountability Act 2014 (the 2014 Act) and the Code of Audit Practice issued by the National Audit Office (the NAO). The detailed sections of this letter provide details on those responsibilities, the work we have done to discharge them, and the key findings arising from our work. These are summarised below.

Area of responsibility	Assessment	Summary
Audit of the financial statements	●	<p>Our auditor's report issued on 4 December 2020 included our opinion that the financial statements:</p> <ul style="list-style-type: none">• give a true and fair view of the Council's financial position as at 31 March 2020 and of its expenditure and income for the year then ended; and• have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20
Other information published alongside the audited financial statements	●	<p>Our auditor's report included our opinion that:</p> <ul style="list-style-type: none">• the other information in the Statement of Accounts is consistent with the audited financial statements.
Value for money conclusion	●	<p>Our auditor's report concluded that we are satisfied that in all significant respects, the Council has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2020</p>
Reporting to the group auditor	●	<p>In line with group audit instructions, issued by the NAO on 4th November, we reported to the group auditor in line with the requirements applicable to the Council's Whole of Government Accounts return.</p>
Statutory reporting	●	<p>Our auditor's report confirmed that we did not use our powers under s24 of the 2014 Act to issue a report in the public interest or to make written recommendations to the Council.</p>

2. AUDIT OF THE FINANCIAL STATEMENTS

Opinion on the financial statements

Unqualified

The scope of our audit and the results of our work

The purpose of our audit is to provide reasonable assurance to users that the financial statements are free from material error. We do this by expressing an opinion on whether the statements are prepared, in all material respects, in line with the financial reporting framework applicable to the Council and whether they give a true and fair view of the Council's financial position as at 31 March 2020 and of its financial performance for the year then ended.

Our audit was conducted in accordance with the requirements of the Code of Audit Practice issued by the National Audit Office and International Standards on Auditing. These require us to consider whether:

- the accounting policies are appropriate to the Council's circumstances and have been consistently applied and adequately disclosed;
- the significant accounting estimates made by management in the preparation of the financial statements are reasonable; and
- the overall presentation of the financial statements provides a true and fair view.

Our auditor's report, stated that in our view, the financial statements give a true and fair view of the Council's financial position as at 31 March 2020 and of its financial performance for the year then ended.

Our auditor's report was modified to include an emphasis of matters paragraph. This drew attention to the financial statement disclosure explaining that COVID-19 had contributed to 'material valuation uncertainty' in the valuation of the Council's land and buildings, and in the Council's share of Nottinghamshire Pension Fund's property assets included in the estimated net Pension Liability.

Our report was issued on 4 December 2020, which is after the expected reporting date of 30 November. The reasons for the delay were reported to the Governance, Audit and Standards Committee and related to delays in the receipt of audit evidence relating to the Pension Fund.

2. AUDIT OF THE FINANCIAL STATEMENTS

Our approach to materiality

We apply the concept of materiality when planning and performing our audit, and when evaluating the effect of misstatements identified as part of our work. We consider the concept of materiality at numerous stages throughout the audit process, in particular when determining the nature, timing and extent of our audit procedures, and when evaluating the effect of uncorrected misstatements. An item is considered material if its misstatement or omission could reasonably be expected to influence the economic decisions of users of the financial statements.

Judgements about materiality are made in the light of surrounding circumstances and are affected by both qualitative and quantitative factors. We set materiality for the financial statements as a whole (financial statement materiality) and set a lower level of materiality for specific items of account (specific materiality) due to the nature of these items or because they attract public interest. We also set a threshold for reporting identified misstatements to the Governance, Audit & Standards Committee. We call this our trivial threshold.

The table below provides details of the materiality levels applied in the audit of the financial statements for the year ended 31 March 2020:

Financial statement materiality	Our financial statement materiality is based on 2% of Gross Operating Expenditure.	£1.45m
Trivial threshold	Our trivial threshold is based on 3% of financial statement materiality.	£43k
Specific materiality	We have applied a lower level of materiality to the following areas of the accounts: <ul style="list-style-type: none">• Senior Officer Remuneration• Members Allowances• External Audit Fee	£5k £57k £8k

2. AUDIT OF THE FINANCIAL STATEMENTS

Our response to significant audit risks

As part of our continuous planning procedures we considered whether there were risks of material misstatement in the Council's financial statements that required special audit consideration. We reported significant risks identified at the planning stage to the Governance, Audit & Standards Committee within our Audit Strategy Memorandum and provided details of how we responded to those risks in our Audit Completion Report. The table below outlines the identified significant risks, the work we carried out on those risks and our conclusions.

Identified significant risk	Our response	Our findings and conclusions
<p>Management override of controls</p> <p>In all entities, management at various levels within an organisation are in a unique position to perpetrate fraud because of their ability to manipulate accounting records and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. Because of the unpredictable way in which such override could occur, we consider there to be a risk of material misstatement due to fraud and thus a significant risk on all audits</p>	<p>We addressed this risk through performing audit work over accounting estimates and financial journal entries and significant transactions outside the normal course of business or otherwise unusual.</p>	<p>Our audit procedures did not identify any material errors or uncertainties in the financial statements, or other matters that we wish to bring to Members' attention.</p>
<p>Valuation of Property, Plant and Equipment</p> <p>The Council's accounts contain material balances and disclosures relating to its holding of Property, Plant and Equipment with the majority of these assets required to be carried at valuation.</p>	<p>We performed a range of audit tests, including, but not limited to:</p> <ul style="list-style-type: none"> • Reviewing the valuer's qualifications, objectivity and independence to carry out the required programme of revaluations. • Testing a sample of valuations to ensure the correct methodology had been applied and were supported by appropriate evidence. • Considering the impact of assets not revalued in 2019/20 to ensure these remained materially correct at the balance sheet date. 	<p>The Council's valuer declared that the valuation of the Council's property assets were subject to 'material valuation uncertainty' as a result of COVID-19 and this was disclosed in Note 4 of the financial statements and referred to in the 'emphasis of matter' paragraph in our audit report. A 'material valuation uncertainty' declaration does not mean that the valuation cannot be relied upon, only that, because of the extraordinary circumstances arising from COVID-19, less certainty can be attached to the valuation.</p>

2. AUDIT OF THE FINANCIAL STATEMENTS

Our response to significant audit risks (continued)

Identified significant risk	Our response	Our findings and conclusions
<p>Valuation of the Net Pension Liability</p> <p>The Council's accounts contain material liabilities relating to the local government pension scheme. The Council uses an actuary to provide an annual valuation of these liabilities in line with the requirements of IAS19 Employee Benefits. Due to the high degree of estimation uncertainty associated with this valuation, we determined there to be a significant audit risk in this area.</p>	<p>We performed a range of audit tests, including, but not limited to:</p> <ul style="list-style-type: none"> • Liaising with the auditor of the Nottinghamshire Pension Fund to obtain direct assurance over the controls surrounding membership, contributions and benefits data sent to the actuary by the pension fund and the fund assets valuation in the pension fund financial statements. • Reviewing the appropriateness of the Pension Asset and Liability valuation methodologies applied by the Pension Fund Actuary, and the key assumptions included within the valuation. • Considered the impact of the remedy solution for the McCloud legal judgement on the net pension liability. 	<p>'Material valuation uncertainty' was disclosed on the Pension Fund's property investment assets as a result of COVID-19. As the Council's share of those assets in the net Pension Liability in its own balance sheet is material, the Council has disclosed this in Note 4 of the financial statements and we have reflected this in the 'emphasis of matters' paragraph in our Audit Report.</p>

Internal control recommendations

As part of our audit we considered the internal controls in place that are relevant to the preparation of the financial statements. We did this to design audit procedures that allow us to express our opinion on the financial statements, but this did not extend to us expressing an opinion on the effectiveness of internal controls. The matters we report are limited to those deficiencies and other control recommendations that we have identified during our normal audit procedures and that we consider to be of sufficient importance to merit being reported.

We reported three control deficiencies in our Audit Completion Report presented to the Governance, Audit & Standards Committee in November 2020. None were ranked as a significant control weakness.

3. VALUE FOR MONEY CONCLUSION

Value for money conclusion

Unqualified

Our audit approach

We are required to consider whether the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The NAO issues guidance to auditors that underpins the work we are required to carry out in order to form our conclusion, and sets out the criterion and sub-criteria that we are required to consider.

The overall criterion is that, 'in all significant respects, the Council had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.' To assist auditors in reaching a conclusion on this overall criterion, the following sub-criteria are set out by the NAO:

- informed decision making;
- sustainable resource deployment; and
- working with partners and other third parties.

Significant audit risks

The NAO's guidance requires us to carry out work to identify whether or not a risk to our conclusion exists. Risk, in the context of our work, is the risk that we come to an incorrect conclusion rather than the risk of the arrangements in place at the Council being inadequate.

When we perform our work, we consider whether there are any areas requiring additional audit attention as a "Significant Audit Risk", which we report to the Governance, Audit & Standards Committee prior to finalising our conclusion. For 2019/20, we identified one significant audit risk:

- Whether the Council had put in place adequate arrangements to secure its financial resilience.

Our detailed findings were reported to the Governance, Audit & Standards Committee on 30 November 2020, with a summary of findings on the following page.

3. VALUE FOR MONEY CONCLUSION

Significant audit risks

Risk	Financial Resilience
Description	The continual pressures on Local Government finances are well documented and led to another challenging budget setting process for 2019/20. In order to set a balanced budget a funding gap of £0.6m was to be met from General Fund reserves and this was approved by the Council in February 2019
Key Observations	<p>During the 2019/20 financial year the Council achieved an underspend against the revised General Fund budget of £0.4m. This resulted in the Council’s net deficit and the expected utilisation of reserves reducing from £1.3m to £0.6m and £0.45m less General Fund reserves being used than planned. The Housing Revenue Account delivered a £0.6m surplus, being a £0.9m underspend compared to revised budget.</p> <p>Although a positive outturn position was achieved against the revised budgets, Covid19 heightens the financial challenges to Broxtowe Borough Council over the medium-term:</p> <ul style="list-style-type: none"> • Although £1.187m has been received in funding there will be a shortfall in the 2020/21 budget. • Savings and income generation included in the original 2020/21 budget are unlikely to be realised. • Between April and July 2020, the Council lost £2.4m of income, the longer-term impact is also to be determined. • Covid19 also increased the inherent risk to the Beeston square development, with the sale of land being deferred and a future risks aligned to economic recovery from Covid19 to retail and high streets. • Liberty Leisure has also been affected with the closure of Leisure centres and the resultant drop in income against the management fee that is payable. <p>An updated Medium Term Financial Strategy 2020/21 to 2024/25 was presented to the Finance and Resources Committee on 8 October 2020 and an updated Business Strategy 2021/22 to 2022/23 approved at the same meeting.</p> <p>The Council anticipates that General Fund reserves may drop below the internally set target of £1.5m in 2021/22 and so managing the medium-term finances of the Council will be crucial with clear, costed, plans in place before March 2021 for consideration as part of our 2020/21 value for money conclusion.</p>
Conclusion	Based on the work performed, the Council’s arrangements for the financial year ending 31 March 2020 are adequate.

Overall Conclusion

Our auditor’s report stated that that, in all significant respects, the Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31st March 2020.

4. OTHER REPORTING RESPONSIBILITIES

Exercise of statutory reporting powers	No matters to report
Completion of group audit reporting requirements	Below testing threshold
Other information published alongside the audited financial statements	Consistent

The Code of Audit Practice and the 2014 Act place wider reporting responsibilities on us, as the Council's external auditor. We set out below, the context of these reporting responsibilities and our findings for each.

Matters on which we report by exception

The 2014 Act provides us with specific powers where matters come to our attention that, in our judgement, require reporting action to be taken. We have the power to:

- issue a report in the public interest;
- make statutory recommendations that must be considered and responded to publicly;
- apply to the court for a declaration that an item of account is contrary to law; and
- issue an advisory notice under schedule 8 of the 2014 Act.

We have not exercised any of these statutory reporting powers.

The 2014 Act also gives rights to local electors and other parties, such as the right to ask questions of the auditor and the right to make an objection to an item of account. We did not receive any such objections or questions.

Reporting to the NAO in respect of Whole of Government Accounts consolidation data

The National Audit Office, as group auditor, requires us to complete a Whole of Government Accounts Assurance Statement in respect of financial consolidation data produced by the Council. We submitted this information to the NAO on 4 December 2020.

Other information published alongside the financial statements

The Code of Audit Practice requires us to consider whether information published alongside the financial statements is consistent with those statements and our knowledge and understanding of the Council. In our opinion, the other information in the Statement of Accounts is consistent with the audited financial statements.

5. OUR FEES

Fees for work as the Council's auditor

We reported our proposed fees for the delivery of our work in the Audit Strategy Memorandum in March 2020 as £39,307, plus amounts to be confirmed to cover the additional testing on Property, Plant & Equipment and Defined Benefit Pensions Schemes.

Having completed our work for the 2019/20 financial year, we can confirm that our final fees are as follows:

Area of work	2019/20 proposed fee	2019/20 Final fee
Delivery of audit work under the NAO Code of Audit Practice (including Liberty Leisure)	£35,807	
Fee Variations*:		
• Additional Testing on Property, Plant & Equipment and Defined Benefit Pensions Schemes		£7,067
• Additional costs associated with 2019/20, including, but not limited to:		£5,032
• Impact of 'Material Valuation Uncertainty' in Council's Property Assets and its share of Pension Fund Assets		
• Updating audit risk assessments, including the value for money conclusion		
• Additional considerations of estimation uncertainty and the Going Concern assertion		
• Changes impacting pension liabilities through McCloud and Goodwin		
• Additional Testing required for the consolidation of Liberty leisure	£3,500	£2,000
Final audit fee		£49,906
Other non-Code work	Nil	Nil

*Fee variations subject to confirmation from PSAA.

Fees for other work

We confirm that we have not undertaken any non-audit services for the Council in the year.

6. FORWARD LOOK: AUDIT CHANGES 2020/21

Changes to the Code of Audit Practice

The Code of Audit Practice (the Audit Code), issued by the Comptroller and Auditor General, prescribes the way we carry out our responsibilities as your auditors. On 1st April 2020 a new Code came in to force and will apply to our work from 2020/21 onwards.

The new Audit Code continues to apply the requirements of International Standards on Auditing (ISAs) to our audit of the financial statements. While there are changes to the ISAs that are effective from 2020/21 the Audit Code has not introduced any changes to the scope of our audit of the financial statements. We will continue to give our opinion on the financial statements in our independent auditor's report.

There are however significant changes to the work on value for money arrangements, and the way we report the outcomes of our work to you.

The auditor's work on value for money arrangements

From 2020/21 we are still required to satisfy ourselves that you have made proper arrangements for securing the economy, efficiency and effectiveness in your use of resources, however unlike under the 2015 Audit Code, we will no longer report in the form of a conclusion on arrangements. Instead, where our work identifies significant weaknesses in arrangements, we are required to report those weaknesses to you, along with the actions that need to be taken to address those weaknesses.

Our work will focus on three criteria specified in the revised Audit Code:

- Financial sustainability: how the body plans and manages its resources to ensure it can continue to deliver its services;
- Governance: how the body ensures that it makes informed decisions and properly manages its risks; and
- Improving economy, efficiency and effectiveness: how the body uses information about its costs and performance to improve the way it manages and delivers its services.

Under the new Audit Code, we will be expected to report and make recommendations as soon as we identify a significant weakness in arrangements, as opposed to reporting our conclusion on arrangements at the end of the audit cycle as has previously been the case.

Reporting the results of the auditor's work

We currently issue you with an Annual Audit Letter which provides a summary of our work across all aspects of our audit. From 2020/21 the Annual Audit Letter will be replaced by the Auditor's Annual Report. This will continue to provide a summary of our work over the year of audit but will also include a detailed commentary on your arrangements in place to achieve economy, efficiency and effectiveness. This commentary replaces the conclusion on arrangements that was previously provided and will include details of any significant weakness identified and reported to you, follow up of any previous recommendations made, and our view as to whether recommendations have been implemented satisfactorily.

The new Audit Code will result in additional officer time and auditor time and therefore audit fees.

6. FORWARD LOOK: AUDIT CHANGES 2020/21

Redmond Review

In September 2020, Sir Tony Redmond published the findings of his independent review into the oversight of local audit and the transparency of local authority financial reporting. The report makes several recommendations that, if implemented, could affect both the financial statements that local authorities are required to prepare and the work that we as auditors are required to do.

The report and recommendations are wide-ranging, and includes:

- the creation of the Office of Local Audit and Regulation (OLAR), to manage, oversee and regulate local audit;
- reviewing reporting deadlines;
- reviewing governance arrangements in local authorities, including the membership of the Governance, Audit & Standards Committee; and
- increasing transparency and reducing the complexity of local authority financial statements.

The recommendations and findings will now be considered by the Ministry of Housing, Communities and Local Government and we look forward to working with all stakeholders to implement changes to ensure the development and sustainability of local audit.

The full report is available here: <https://www.gov.uk/government/publications/local-authority-financial-reporting-and-external-audit-independent-review>
