

APPENDIX 1

BROXTOWE JOBS CLUB – PROJECT DEVELOPMENT DIAGRAM

ACTIONS

RESEARCH AND DEVELOPMENT

RESULTS

Identify success and results of the original Job Club projects supported by the Economic Development Team in Broxtowe Borough Council (2017 - 2020).

STAPLEFORD INSPIRE LEARNING – Stapleford Library 2019 delivered by HOPE Nottinghamshire, stopped for Covid – may have re-stated ?

EASTWOOD – DIRECECT HELP & ADVICE (Derbyshire) Eastwood Volunteer Bureaux and TC 2017 to 2020

Eastwood Phase 1 2018 – 16 weeks
154 participants engaged in JC
122 participants have been supported with IT 48 have had an email account set up.
25 participants have undertaken interviews
48 progressed onto other training
8 people into work various sectors

Research Current Support and Provider Opportunities – Are we potentially duplicating provision?

DWP – Provides Job Coaches but all provision is geared around 1:1 and employer led intervention – banded by duration - some online

INSPIRE – Nott’s CC – provides for careers for YP apprentices, skills and those with specified needs – no peer to peer

Support is available for individuals and especially young people and those with needs

Nothing at small town /village level nothing for peer to peer

Labour Market Issues - IS there a Demand for this Project?

JSA Data shows: Broxtowe 2.8% claimant count (March 2022) 4.4% (Eng.) 3.8% (EM.)

“Cold spots” Eastwood 4.7%, Stapleford 4.04%
Cluster of other wards around 3%: Cossall – Awsworth – Brinsley

And supply? - only 0.59:1 jobs to people (16-64)

Covid Impact Qualitative Evidence:

Jobs clubs in pandemic all closed in 2020.

Nature of work has changed

Many people have left work and are not claiming JSA

Indicators levels of mental ill health; loneliness,

Still evidence of need – requiring refining via pilots

Developing Pilot Proposals – What options are available?

Discussions with DWP/NCC Previous providers and funders **Scope offers DHA – ESF funding ends 2023**

Contact local parish and town organisations via the letter – gage support – local knowledge of demand and contributions

Devised models of service delivery e.g. frequency, duration resources

What Resources are available? Cost Profile of different options

Delivery of Eastwood Model at all 9 local Councils & Beeston Costs £10K- £12K for 12 weeks

Hybrid Model – Inc. In-Kind support, less intensive £3K - £4K

What external funding bids can be made?

Decision required

Provisional Launch & Publicity

Contracts and Compacts in Place – for local areas

Roll-out ad further expansion

What is to be monitored for success?

Key

Task / Action Complete	Task / Action Commenced	Task / Action still to be completed
------------------------	-------------------------	-------------------------------------
