

Joint report of the Chief Executive, Deputy Chief Executive and the Executive Director**CORPORATE GOVERNANCE ARRANGEMENTS****1. Purpose of Report**

To inform the Committee of action taken to develop and comply with statutory obligations regarding corporate governance and to seek approval for the Annual Governance Statement for inclusion in the Council's published Statement of Accounts for 2021/22.

2. Recommendation

The Committee is asked to:

- 1. RESOLVE that the draft Annual Governance Statement as shown in appendix 3 be approved in principle for inclusion in the Council's Statement of Accounts.**
- 2. RESOLVE that responsibility be delegated to the Chief Executive in consultation with the Chair of this Committee to make any further amendments deemed necessary.**
- 3. NOTE compliance with the Code on Delivering Good Governance in Local Government.**

3. Detail

The Accounts and Audit Regulations 2015 require authorities to conduct a review, at least once in each financial year, of the effectiveness of its system of internal control and to include an Annual Governance Statement report on the review with its statement of accounts. To support this process, the Council follows proper practice as set out in the CIPFA/SOLACE publication *Delivering Good Governance in Local Government: Framework*. This Framework was initially produced in 2007 with a revised version published in April 2016. More detail about the framework and what it encompasses is given in appendix 1.

Under the Council's Constitution, this Committee is responsible for overseeing the maintenance of the internal control environment and for monitoring and making recommendations regarding the corporate governance arrangements. Appendix 2 sets out the actions the Council has taken during 2021/22 to advance the principles of the Code.

A Governance Risk and Compliance Action Plan has been developed which included at appendix 3. Appendix 4 provides an explanation of the Council's governance arrangements, and an update on the implementation of previously identified improvement actions. It concludes with the draft Annual Governance Statement and the Significant Governance Issues Action Plan for 2022/23. Once approved, it will be signed by the Leader of the Council and the Chief Executive prior to inclusion within the published accounts. The Chief Audit and Control Officer has confirmed that he considers that the current internal control environment is satisfactory such as to maintain the adequacy of the governance framework.

4. Financial Implications

There were no comments necessary from the Head of Finance Services.

5. Legal Implications

There were no comments necessary from the Monitoring Officer / Head of Legal Services.

6. Background Papers

There are no background papers.

APPENDIX 1

Background

The CIPFA/SOLACE document *Delivering Good Governance in Local Government: Framework* was published in 2007. In 2012 it was given 'proper practices' status by the Department for Communities and Local Government. Local authorities are under a statutory obligation to follow the published approach unless there are valid reasons for not doing so.

The Framework has since been reviewed and in April 2016 was published with a new set of core principles and sub-principles. There are seven core principles which have been developed to bring them more in line with the principles of open government and to establish a greater focus on outcomes, rather than processes. Each is accompanied by numerous sub-principles which provide a very comprehensive set of arrangements for ensuring that good governance exists within the organisation and is embedded in its day-to-day operations.

The seven core principles and an explanation of the intention behind each one are as follows:

A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

Local government organisations are accountable not only for how much they spend, but also for how they use the resources under their stewardship. This includes accountability for outputs, both positive and negative, and for the outcomes they have achieved. In addition, they have an overarching responsibility to serve the public interest in adhering to the requirements of legislation and government policies.

It is essential that, as a whole, they can demonstrate the appropriateness of all their actions across all activities and have mechanisms in place to encourage and enforce adherence to ethical values and to respect the rule of law.

B. Ensuring openness and comprehensive stakeholder engagement

Local government is run for the public good. Organisations should therefore ensure openness in their activities.

Clear, trusted channels of communication and consultation should be used to engage effectively with all groups of stakeholders, such as individual citizens and service users, as well as institutional stakeholders.

C. Defining outcomes in terms of sustainable economic, social and environmental benefits

The long-term nature and impact of many of local government's responsibilities mean that it should define and plan outcomes and that these should be sustainable.

Decisions should further the organisation's purpose, contribute to intended benefits and outcomes, and remain within the limits of authority and resources. Input from all groups of stakeholders, including citizens, service users and institutional stakeholders, is vital to the success of this process and in balancing competing demands when determining priorities for the finite resources available.

D. Determining the interventions necessary to optimise the achievement of the intended outcomes

Local government achieves its intended outcomes by providing a mixture of legal, regulatory and practical interventions (courses of action). Determining the right mix of these courses of action is a critically important strategic choice that local government has to make to ensure intended outcomes are achieved.

They need robust decision making mechanisms to ensure that their defined outcomes can be achieved in a way that provides the best trade-off between the various types of resource inputs while still enabling effective and efficient operations.

Decisions made need to be reviewed frequently to ensure that achievement of outcomes is optimised.

E. Developing the entity's capacity, including the capability of its leadership and the individuals within it

Local government needs appropriate structures and leadership, as well as people with the right skills, appropriate qualifications and mindset, to operate efficiently and effectively and achieve intended outcomes within the specified periods.

A local government organisation must ensure that it has both the capacity to fulfil its own mandate and to make certain that there are policies in place to guarantee that its management has the operational capacity for the organisation as a whole.

Because both individuals and the environment in which an organisation operates will change over time, there will be a continuous need to develop its capacity as well as the skills and experience of individual staff members. Leadership in local government is strengthened by the participation of people with many different types of backgrounds, reflecting the structure and diversity of communities.

F. Managing risks and performance through robust internal control and strong public financial management

Local government needs to ensure that the organisations and governance structures that it oversees have implemented, and can sustain, an effective performance management system that facilitates effective and efficient delivery of planned services.

Risk management and internal control are important and integral parts of a performance management system and are crucial to the achievement of outcomes. Risk should be considered and addressed as part of all decision making activities.

A strong system of financial management is essential for the implementation of policies and the achievement of intended outcomes, as it will enforce financial discipline, strategic allocation of resources, efficient service delivery and accountability.

It is also essential that a culture and structure for scrutiny are in place as a key part of accountable decision making, policy making and review. A positive working culture that accepts, promotes and encourages constructive challenge is critical to successful scrutiny and successful service delivery. Importantly, this culture does not happen automatically; it requires repeated public commitment from those in authority.

G. Implementing good practices in transparency, reporting and audit to deliver effective accountability

Accountability is about ensuring that those making decisions and delivering services are answerable for them. Effective accountability is concerned not only with reporting on actions completed, but also ensuring that stakeholders are able to understand and respond as the organisation plans and carries out its activities in a transparent manner. Both external and internal audit contribute to effective accountability.

APPENDIX 2

The Council's governance arrangements are consistent with the principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government (2016 edition)*. This Statement explains how the Council has complied with these arrangements and also meets the requirements of the Accounts and Audit Regulations 2015, regulation 6(1), which requires all relevant bodies to prepare an Annual Governance Statement.

A summary of how we meet with each of the seven core principles, including evidence of the principle in action, and where improvement action or new steps have been taken in 2021/22 is provided below:

A. Behaving with integrity, demonstrating strong commitment to ethical values and respecting the rule of law

How we meet the principle	Where you can see evidence of the principle in action and where we took action in relation to the principle in 2021/22
Member and officer Codes of Conduct set standards of behaviour for officers and members. These require adherence to the Nolan Principles. The Council's values are consistent with the Nolan Principles and are embodied in its Corporate Plan.	<p><u>Member code of conduct:</u> A Councillor task and finish group was formed to consider the new model code of conduct. The Code was refreshed and accepted by Council on 13 April 2022.</p> <p><u>Corporate values/Induction:</u> As part of new starter induction procedures all new starters meet with GMT when the values of the Council are discussed with relevant examples each value explained to the new starters. Every employee is enrolled onto a Broxtowe learning zone e-learning course annually on the Code of Conduct. A pass/fail quiz is integrated into the course.</p>
The Constitution contains a protocol for member and officer relationships.	Senior members of staff are actively encouraged to highlight and discuss ethical dilemmas and present committee reports in a fair and balanced way, highlighting options for members' consideration. The Monitoring Officer takes an active approach to addressing issues relating to Member and officer behaviour in order to prevent issues arising.
The Council collects data relating to its workforce and reviews this through the annual workforce profile to identify any inequity, unfairness or prejudice in recruitment procedures or the operation of other HR practices.	The latest Workforce Profile was reviewed by the General Management Team and reported to Personnel Committee on 22 March 2022. As required by law Broxtowe published information regarding its gender pay gap.
The Council holds members to account for their behaviour by addressing allegations of	Eight Code of Conduct complaints against members were dealt with. None involved allegations of fraud or corruption. None proceeded to formal

None proceeded to formal investigation.</p> <p>The Independent person was involved in consideration of the Member Standards complaints which were raised in 2021/22 in line with the adopted local arrangements.</p>
<p>The Complaints procedure. Complaints present an opportunity for improvement and can identify systemic or behavioural failings which need to be addressed</p>	<p>An annual complaints report is presented to the Governance Audit and Standards Committee. The report provides details, in particular, of those complaints that are referred to the Ombudsman and where improvements to systems and processes have been made as a result of complaints. Any complaints where a financial settlement is appropriate, or has been made, are also reported in detail to this Committee.</p> <p>Through its annual equality and diversity, which was last reported to the Policy and Performance Committee on 24 March 2022, members review whether there may be any inequality or unfairness indicated/apparent through the protected characteristics of complaints. The report explains in detail the actions taken to promote equality and diversity.</p>
<p>The Council holds employees to account in respect of their conduct and behaviour. The number of disciplinary, grievance and whistleblowing complaints dealt with is set out in the annual workforce profile.</p>	<p>During 2021/22 in relation to employees there were:</p> <ul style="list-style-type: none"> • No whistleblowing complaints • Six grievances • Seven disciplinary hearings (resulting in two first warnings; three final warnings; and two dismissals) • One employee was subject to the capability process. <p>A new Organisational Development Strategy was approved by the Personnel Committee on 30 June 2020. Progress in implementing this was reported to Personnel Committee in 2021</p> <p>The Whistleblowing Policy was reviewed by the Governance Audit and Standards Committee on 30 November 2020.</p>
<p>Every employee has an annual appraisal which leads to a learning plan for the coming year.</p>	<p>The online employee appraisal scheme continued to operate during 2021/22. 79% of all appraisals due were completed in year.</p>

B. Ensuring openness and comprehensive stakeholder engagement

How we meet the principle	Where you can see evidence of the principle in action and where we took action in relation to the principle in 2021/22
<p>The Council has a variety of means through which it seeks to engage and inform employees. Mechanisms include section team meetings, senior management meetings, email bulletins and the Employee Forum.</p> <p>There are also internal working groups on which there is cross departmental representation</p>	<p>Senior Management Team briefings once every two monthly at which progress in implementing corporate plan objectives is discussed.</p> <p>Monthly informal Senior Management Team meetings.</p> <p>Equality Working Group met quarterly.</p> <p>Broxtowe Employee News bulletin was sent out regularly weekly.</p> <p>The Local Joint Consultative Committee comprising of Councillors, trade union reps and managers met to discuss HR related policies before recommending them to the Personnel Committee. During 2021/22, examples of such policies approved in this way included:</p> <ul style="list-style-type: none"> • Clothing, Appearance and Identity Cards Policy • Market Supplement Policy • Disabled Facilities Grant Staffing • Evaluation and Re-evaluation of Posts Policy • Flexible Retirement Policy • Career Break Policy <p>The Independent Remuneration Panel met to consider Members' Allowances for the forthcoming year.</p> <p>GMT question time happens every quarter and is open to all employees</p>
<p>Residents are regularly updated on new consultations through our website as well as press releases</p>	<p>The Council has a webpage dedicated to consultations and resident engagement.</p> <p>The major consultation exercises taking place in 2021/22 included:</p> <ul style="list-style-type: none"> • Budget consultation • Surveillance Camera Systems Consultation • Homelessness Strategy • Review of Statement of Gambling Principles • Community Governance Review • Parks and Open Spaces • Pride in Parks • Investment in Kimberley • Houses in Multiple Occupation Policy (Beeston) • New Housing: Inham Nook and Watnall

Engagement in relation to new strategy	<ul style="list-style-type: none"> • Monthly meetings of the Resident Involvement Group, that have been involved in progressing our Neighbourhoods Strategy • Introduction of a new closed Facebook Group for housing tenants, to provide information and for consultation • Increased use of online survey methods for transactional surveys, for example after Repairs are completed • Statutory consultation completed for changes to the Independent Living service (phases 2 and 3) • Statutory consultation completed for introduction of service charges for General Needs properties • Consultation completed with local residents for three new development sites <p>Internal stakeholders were consulted in relation to the development of the new ICT strategy</p> <p>The review of the Core Strategy involved significant consultation with residents</p>
The Council encourages engagement annually on its expenditure through its annual budget survey	A budget consultation for budget 2022/23 was reported to the Finance and Resources Committee in February 2022. A total of 606 responses were received. In overall terms, local people are satisfied with the borough of Broxtowe and the Council's management of it. 76% of people are either 'satisfied' or very 'satisfied' with the area in which they live which is an increase on the 73% figure in the 2020/21 consultation. 65% are either 'satisfied' or 'very satisfied' with the way that the Council delivers services which is an increase on the figure of 64% reported in 2020/21.
Disability Forum	The Equality and Diversity annual report was presented to the Policy and Performance Committee on 24 March 2022. During 2021/22 the disability forum did not meet at its own request because of COVID risks and members of the group (who experience visual impairment and other disabilities) did not wish to pursue digital meetings. Meetings will resume in 2022/3.
Broxtowe Youth Voice has appointed a Youth Mayor and	The Youth Mayor regularly participated in Council meetings during 2019/20 but the post was not

Community Action Teams – The Council organises regular local meetings with the local community which are chaired by ward Councillors. This is a means by which Councillors keep in touch with local people and identify action which needs to be taken which they feed back to officers or committees	The Community Action Team page on the Council's website contains details and minutes of meetings which took place.
The Local Strategic Partnership is chaired by the Leader of the Council and is a mechanism through which leaders of the public and voluntary sector organisations in Broxtowe co-ordinate activity and identify strategic issues which need joint action	Meetings of Broxtowe Partnership took place in 2021/22. The format of meetings changed, so that in recent meetings there has been an in depth focus on employment and skills, food insecurity and domestic abuse. Task groups on health and older people, and children's services met regularly and progress on delivering agreed actions was monitored.
Development of Local Plan Part 2 and Neighbourhood Plans	Extensive consultation took place in relation to the development of proposals to be included in the Part 2 Local Plan and the Plan was duly adopted in October 2019. The Council's Planning department supported the development of local Neighbourhood Plans. Referenda on Plans were deferred due to the pandemic but are now authorised again, subsequently, the referendum on the Awsworth Neighbourhood Plan took place and was adopted. Progress on the decision to create a new Development Corporation in Nottinghamshire and Leicestershire have been reported to the Jobs and Economy Committee. Consultations occurred regarding the creation of a supplementary planning document for Toton area of strategic growth and in relation to the creation of an article 4 direction to restrict the number of houses in multiple occupation in parts of Beeston. Both of

	these documents will be submitted for adoption during 2022.
Communication and Engagement Strategy	The remaining actions of the existing strategy were implemented and the strategy now needs to be reviewed. Broxtowe Matters resident's newsletter continued to be sent out and email me bulletins on various categories of interest to residents. Regular press releases, and publicity on twitter and facebook kept residents abreast of the Council's activities and matters of local relevance.

C. Defining outcomes in terms of sustainable economic, social and environmental benefits

How we meet the principle	Where you can see evidence of the principle in action and where we took improvement action in relation to the principle in 2021/22
<p>The Council's vision and priorities are set out in its Corporate Plan. Under the Corporate Plan there are business plans for each of the Corporate Plan priorities. The Business Plans set a small number of high level outcome targets; Critical Service Indicators (CSI). These are supported by Key Performance Indicators (KPI) and Management Performance Indicators (MPI). The latter are used by managers to inform day to day operational service delivery.</p>	<p><u>The Council's corporate plan for 2020-24, which is available on the website.</u></p> <p><u>All the business plans in the are approved annually and can be viewed on the website. <p>Strategies – Each Corporate Plan priority is supported by a number of strategies which informs the strategic direction of the subject area and sets the framework within which annual business plan tasks and targets are set</p>	<p>The key strategies adopted in previous years and not already mentioned previously or recently updated in this table are:</p> <ul style="list-style-type: none"> • Green Infrastructure Strategy 2015-2030 • Aligned Core Strategy 2014-2020 (currently under review) • Local Plan Part 2 2018-2028 • Waste Strategy 20121-24 • Climate Change and Green Futures Programme 2020-2027 • Playing Pitch Strategy 2016-2028 • Digital Strategy 2019-2023 • Housing Strategy • Homelessness and Rough Sleepers' Strategy 2022-25 • Tenant Engagement Strategy • Neighbourhood Strategy • Broxtowe Play Strategy 2017-2020 • Economic Regeneration Strategy 2017-21 • ICT and Business Transformation Strategy 2022 2027 • HS2 Growth Strategy Sept 2017 • Revenue Budget and Medium Term Financial Strategy for 2022/23, as well as Capital Strategy, Asset Management Strategy and Treasury Management and Investment Strategies.

How we meet the principle	Where you can see evidence of the principle in action and where we took improvement action in relation to the principle in 2021/22
<p>Progress on delivering business plan targets, tasks and achievement of outcome indicators are regularly reported to Councillors for scrutiny. An audit of data quality is conducted annually and all performance indicators are required to be signed off at senior management level to ensure that the quality of any data produced is of a sufficient standard</p>	<p>Performance reporting to Policy and Performance Committee focuses on Critical Service Indicators (CSI) and financial information indicating variances from the expected position. This takes place on a quarterly basis.</p>
<p>The Council's financial plans are based on a Medium Term Financial Strategy (MTFS) which identifies future budget pressures. This is revised annually as part of the budget setting process and is kept under review throughout the financial year</p>	<p>The Medium Term Financial Strategy was reviewed and revised by Finance and Resources Committee on 10 February 2022.</p>
<p>The Council's annual Business Strategy has the following 4 objectives: that the Council should be</p> <ul style="list-style-type: none"> • Lean and fit in its assets, systems and processes • Customer focused in all its activities • Commercially-minded and financially viable • Making the best use of technology. 	<p>The Business Strategy was revisited and revised in 2021/22 and approved by the Finance and Resources Committee in October 2021. The Business Strategy identified potential efficiencies and income generation opportunities amounting to around £530,000 during 2021/22 and 2023/23 to help balance the budget. The Finance and Resources Committee adopted a new Treasury Management strategy on 30 March 2021</p>
<p>Councillors keep oversight throughout the year regarding whether financial performance is in accordance with the agreed budget framework</p>	<p>Detailed reports to all service committees are produced at the year end to highlight financial variances from the expected position. This also happens in relation to capital plan monitoring. Within quarterly financial reporting to committees there is reporting on progress on major income streams, progress on capital schemes and salaries spending.</p>
<p>The Council has a strategic risk register which is regularly reviewed and reported to Governance, Audit and</p>	<p>The Council's approach to identifying and quantifying strategic risks was reviewed and improved during the previous year. The Governance Audit and Standards Committee</p>

D. Determining the interventions necessary to optimise the achievement of the intended outcomes

How we meet the principle	Where you can see evidence of the principle in action and where we took improvement action in relation to the principle in 2021/22
The Council takes time to analyse options in relation to major decisions	For certain development sites, options are considered and Councillors asked to choose which one they prefer, for example for Fishponds Cottages site, we have reviewed a number of options for housing (mix, tenure etc., removing cottage/retaining cottage) and arrived at the most beneficial solution. Further sites are being considered and developed including proposals for land at the rear of the Crematorium and land at Inham Nook. There are cross party working groups to consider levelling up bids for Eastwood and Kimberley and options for development of a new leisure centre in the South of Broxtowe are being considered
The Council examines options for the future use of its assets in order to improve public value	Examples include: <ul style="list-style-type: none"> • Agreement to sell surplus land to the rear of the crematorium for housing development • The house building delivery plan includes proposals for redevelopment of under-utilised garage sites • An agreement was entered into with a new business to operate a café from a Council; owned recreation facility in Attenborough, bringing in an income stream Developments of Beeston and Stapleford business hubs are almost fully let Food and beverage outlets built by the Council supporting the new cinema use in Beeston town centre are almost fully let.
The Council considers the impact on customers when considering options to change patterns of service delivery	An example is tenants who wish to retain garages have been offered alternative garages to rent when garage sites have been redeveloped.
The Council regularly revises and updates its proposals to achieve savings and generate additional income	The Business Strategy was updated in October 2021 in preparation for the 2022/23 budget as was the Medium Term Financial Strategy.
The Council is pro-active in tackling areas of poorer performance	Additional capacity was agreed for Environmental health (use of additional agency staff and a new senior officer position) to catch up on a backlog of food safety inspections. Measures were taken to improve performance in the Council's contact centre. A housing repairs review took place to improve the housing repairs service which resulted in a new section and a new Head of

	Service position being created to give greater capacity to safety, compliance and asset management. A new action plan was created and is being implemented
The Council has regard to external events and is pro-active in examining whether its arrangements respond to identified risks and threats	<p>The Council has played an active role in the local resilience forum to manage the pandemic risk and Ukrainian refugee steering group. The Council has played an active and positive part in a bid to have a county deal for Nottinghamshire. The Council has been a founder shareholder of East Midlands DevCo.</p> <p>A Grenfell Response officer working group is working to ensure issues arising from the Grenfell fire are managed proactively and effectively to ensure tenants are kept safe.</p>
The Council is pro-active in identifying threats and risks to safety and works in partnership to mitigate these	<p>Work within the South Nottinghamshire Community Safety partnership develops and implements action plans to tackle safety risks such as knife crime action plan; Stapleford Action plan; Eastwood Action plan, cycle theft action plan, ASB action plan, domestic violence action plan. Safety was improved at Hickings Lane Park, Stapleford with £25,000 of investment from the Police and Crime Commissioner</p> <p>The Council took active measures to investigate and initiate measures to restrict Houses in Multiple Occupation in Beeston and progress has been made to introduce an Article 4 Directive in the area.</p>
The Council works with outside experts as well as internal and external stakeholders to identify potential better ways of delivering services	<p>Examples where external experts have added value to our efforts in 2021/22 include:</p> <ul style="list-style-type: none"> • Interim Housebuilding Manager • Project Manager Beeston Town Centre Regeneration • Procurement Officer • ROSE (cremator replacement) <p>Examples of external working include:</p> <ul style="list-style-type: none"> • HS2 strategic board and associated groups • EMDevco and Oversight board • Bramcote Crematorium joint committee • Stapleford Towns Fund board • Levelling up working groups for Eastwood and Kimberley • Broxtowe local strategic partnership • Greater Nottingham joint planning advisory board • South Nottinghamshire community safety

How we meet the principle	Where you can see evidence of the principle in action and where we took improvement action in relation to the principle in 2021/22
The structure and cost of service delivery is continually reviewed.	Structure reviews took place in the communities section; environmental health section; planning section.
The Council enhances its capacity, increases resilience and broadens access to skills Through sharing a range of services with neighbouring authorities	The Council works with Erewash BC through a joint committee to run a crematorium and burials service and Erewash BC runs its Building control service The Council has a partnership with Ashfield DC regarding collection of Business rates The Council works in partnership with Newark and Sherwood, Ashfield on surveillance camera management and Rushcliffe on car parking. Strategic planning is done collaboratively with other Greater Nottingham authorities; evidence base is jointly commissioned and staff employed jointly to administer tasks Broxtowe assists Erewash BC with internal audit services
As much as identifying ways of reducing expenditure the Council is also prepared to invest in additional capacity to respond to changing needs of residents/customers, enhance knowledge and insight and improve the quality and cost effectiveness of service delivery	Examples include: A permanent markets officer was appointed A new senior team leader in Environment was appointed to address the growth of green waste demand A new senior officer for Violence reduction was created within the Communities team Temporary use of agency staff to maintain HGV services during a period of COVID absence A full time neighbourhood warden post replaced a part time one.
Business and financial performance is regularly scrutinised by all committees	See section C above for details
Service Committees consider a range of data including benchmarking data to assess the quality of Council services	The Council uses the online Grant Thornton benchmarking tool which gives a greater degree of granular information about service issues. The Housing Committee receive information on the results of Housemark benchmarking data The Council uses the LGInform website as a data comparison tool. External consultants also produce feedback on performance comparisons with peers from time to time.

F. Managing risks and performance through robust internal control and strong public financial management

How we meet the principle	Where you can see evidence of the principle in action and where we took improvement action in relation to the principle in 2021/22
The Council integrates risk management approaches into its performance management arrangements	A Governance Risk and Compliance Action Plan has been developed which integrates action planning arising from the need to improve governance (actions identified through the SOLACE/CIPFA review); risk management mitigation actions identified through the Strategic Risk Register and compliance with the law - both current and future.
<p>The Council has a Strategic Risk Management Group that reports to GMT. The Governance, Audit and Standards Committee regularly consider and approve updates to the Strategic Risk Register. All key decision reports submitted to committees contain a risk assessment where appropriate, which is used to update the Strategic Risk Register. All action points within business plans are required to be risk assessed. The Governance, Audit and Standards Committee has oversight and decision making responsibility for determining:</p> <ul style="list-style-type: none"> • Internal Audit Plan and progress made with the plan • implementation of audit recommendations • Strategic Risk Register <p>Risk management training is occasionally provided. An eLearning module is available to enable members to access training on risk management whenever convenient to them.</p>	<p>Regular updates on strategic risks were presented to the Governance, Audit and Standards Committee throughout 2021/22.</p> <p>The Strategic Risk Register is also a key element used in preparing the annual Internal Audit Plan. This helps to ensure that resources are targeted towards those areas which are the highest risk to the Council.</p> <p>As part of the Council's response to Coronavirus business continuity plans were refreshed and an internal working group set up to ensure high quality risk management in relation to safety of employees delivering services during the pandemic.</p>
Members of the Governance, Audit and Standards Committee can have independent access to the Chief Audit and Control Officer where considered to be necessary. The Chief Audit and Control Officer is satisfied that	The results of an External Quality Assessment of the effectiveness of Internal Audit was considered by the Governance, Audit and Standards Committee in March 2018. This review was conducted by an experienced and independent assessor. The outcome of this review was positive and indicated that Council's Internal Audit service complies with

How we meet the principle	Where you can see evidence of the principle in action and where we took improvement action in relation to the principle in 2021/22
<p>in all respects he has the necessary authority and resources to assess the Council's governance, risk and internal control environment and highlight any problems that he considers should be drawn to the attention of the Council</p>	<p>the expectations of the Public Sector Internal Audit Standards. This provided the Council with confidence in the assurance work that is provided by Internal Audit. Furthermore, the outcome of the review was benchmarked against other providers in both the sector and the wider industry and this showed that the team compares favourably in comparison with its peers. Whilst the review did identify areas where improvements could be made, these were not felt to be fundamentally undermining the work of Internal Audit, its role within the organisation or the Chief Audit and Control Officer's ability to assess the Council's internal control environment. A further EQA is planned for 2022/23.</p>

The delivery of the action plan helps to further strengthen the arrangements in place.</p> <p>Data matching exercises are regularly undertaken in conjunction with the National Fraud Initiative (NFI) through the Cabinet Office. In addition, a Single Person Discount review is occasionally undertaken jointly across the Nottinghamshire authorities with the NFI. The results of NFI exercises are used to shape future programmes of counter fraud activity.</p> <p>A proactive approach has been undertaken by introducing the Fraud and Error Reduction Incentive Scheme (FERIS) approach and a risk-based assessment framework for benefits applications, including the Local Council Tax Support Scheme, for which the Council remains fully accountable.</p>
<p>Chief Officers are required to prepare an annual statement of compliance with internal control stating compliance with the law and approved policy</p>	<p>An annual Statement of Internal Control has been prepared by each Chief Officer</p>
<p>The Council has information governance arrangements in place including safe collection, storage, use and sharing of data. A suite of online information management products has been developed and are required to be completed by employees at various levels.</p>	<p>Comprehensive Information Management Policies are in place.</p> <p>The Council has a full time dedicated Information Governance Officer</p> <p>An online Data Protection Act 2018 employee training product was completed by all employees.</p> <p>An annual SIRO audit is conducted and the results reported to GMT</p>
<p>The Council is proactive in tackling threats to performance (e.g. income management)</p>	<p>Regular quarterly reports on service performance and financial performance are produced. Areas of underperformance are highlighted and improvements recommended.</p>
<p>The Council welcomes external agencies to give us feedback on our performance and responds positively to suggestions for improvement</p>	<p>The occasional use of external consultants for specific areas of focus provides an independent and expert view of the council's current activities and potential for improvement.</p>

Opportunities for Further Improvement:

Systematic review of Health and Safety Policies

Continuance of cyber-fitness activity

G. Implementing good practices in transparency, reporting and audit to deliver effective accountability

How we meet the principle	Where you can see evidence of the principle in action and where we took improvement action in relation to the principle in 2021/22
The Council complies with its obligation to produce a Publication Scheme	The Publication Scheme is on the Council's website and is regularly reviewed.
The Council publishes data in a transparent way which is accessible through the website	There is an open data section on the Council's website.
The Council reports annually on performance and financial stewardship through a newsletter which goes to every household in Broxtowe	A review of the General Fund and Capital Programme was included in Broxtowe matters.
A Governance, Risk and Compliance Action Plan is produced which incorporates governance improvements identified as a result of the annual governance check	The status of the previously agreed action plan is outlined in appendix 3 below.
Internal Audit and External Auditor recommendations are acted upon	Reports are regularly made to Governance, Audit and Standards Committee on progress in implementing agreed actions following an Internal Audit.
The Council welcomes peer challenge and other forms of external review of service delivery	An LGA peer review was deferred because of COVID and will take place during 2022/23

Opportunities for further improvement

Participate in an LGA Peer review

Introduce the new Governance arrangements, including a new Overview and Scrutiny Committee.

Conclusion

The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of senior managers within the organisation who have responsibility for the development and maintenance of the governance environment, the Chief Audit and Control Officer's annual report and also by comments made by the external auditors and other review agencies and inspectorates.

The operation of the Governance Framework during 2021/22 has provided the Council with **substantial assurance** that proper practices are in place governing the conduct of the Council's business. Additional improvement actions have been identified through the annual review of the standard and are included in the new Governance Risk and Compliance Action Plan.

Implementation of the governance related actions specified in the attached action plan will help to ensure that the Council's governance arrangements continue to improve and be fit for purpose in accordance with the governance framework.

APPENDIX 4

DRAFT ANNUAL GOVERNANCE STATEMENT

1. What are the Council’s Governance Arrangements?

1.1. Corporate Values

The Council’s governance arrangements are reflected in our corporate values which are:

- Integrity and professional competence
- A strong caring focus on the needs of communities
- Continuous improvement and delivering value for money
- Valuing employees and enabling the active involvement of everyone
- Innovation and readiness for change.

1.2. Competency Framework and Employee Performance Appraisal

These values are consistent with the SOLACE/CIPFA governance code and act as the basis for the Council’s competency framework and the assessment of individual employee performance appraisal.

1.3. The Constitution, Standing Orders and Delegated Authority

The Council’s Constitution sets out the roles of members and officers and the terms of reference of the Council’s committees. Officer’s delegated powers to take decisions are set out in this document, as are the protocols and codes of conduct regulating the way employees and members should behave and relate to each other, and how debate is conducted at Council meetings. Limits of financial expenditure are set out in standing orders and in standing orders relating to contracts.

The main checks and balances on the respective power of officers and members is summarised in the table below. The table provides some of the key ways in which officers and members are held accountable to local residents.

1.4. Corporate Plan and Business Plans

The Council's Corporate Plan sets out the Council's Vision and Priorities. The vision is "Broxtowe- a greener, safer healthier place where everyone prospers".

The priorities are succinctly expressed:

Housing: A good quality home for everyone

Environment: Protect the environment for the future

Business: Invest in our towns and our people

Health: Support people to live well

Community safety: A safe place for everyone

Each priority has objectives which are set out in the plan and specific measureable outcome measures, in year 2 of the plan (2021/22) and at year 4.

1.5. Strategy and Policy Framework

Within each priority area, a range of strategies and policies are devised to guide the decision making of officers and members. These are approved by the respective committees (see below) apart from those which are reserved for full Council for determination.

1.6. Decision-making Structures

The Council has adopted a committee system, which means that all the political parties are represented within the decision making committees. Neither the Leader of the Council or the Chairs of Committees have executive power, which enables decision making to take place in a democratic fashion with scrutiny taking place as part and parcel of decision making. The Council may set up task and finish or working group arrangements to come forward with proposals for policy development or on topics which members consider require further investigation and enquiry.

- Full Council decides upon policy and certain other specialist functions that cannot be delegated elsewhere, including the setting of the Council Tax.
- The Policy and Performance Committee, which includes the Chairs of all other policy committees, has overall responsibility for developing and delivering policies of the Council and monitoring progress against the objectives of the Corporate Plan.
- The Finance and Resources Committee has responsibility for reviewing the Council's budget and financial management and makes recommendations to Council with regard to the setting of Council Tax.
- Committees mirror the Council's main priority themes of Community Safety; Housing, Jobs and Economy, and Leisure and Health, Environment. These are allocated authority by the Council to develop and deliver policy within their specific remit set out in the constitution.
- Separate quasi-judicial committees exist for Planning, Licensing and Appeals, Alcohol and Entertainments.
- A specific committee exists for personnel decisions and policies.

- Matters relating to governance and standards are dealt with by the Governance, Audit and Standards Committee. The role of this committee is particularly relevant to the operation of the SOLACE/CIPFA code and is set out in more detail below:

Role of the Governance, Audit and Standards Committee

The role and operation of the Governance, Audit and Standards Committee is in line with a toolkit and publication produced by CIPFA entitled Audit Committees – Practical Guidance for Local Authorities.

The specific functions delegated to this Committee are provided in its Terms of Reference which include:

- To determine attendance of members at conferences.
- To determine responses on behalf of the Council to any government, local authority or other consultation on matters within the remit of the Committee.
- The functions conferred in relation to standards of conduct by the Local Government Act 2000, the Localism Act 2011 and associated legislation.
- Without prejudice to the generality of the foregoing:
 - promoting and maintaining high standards of conduct for all members and officers
 - preparing for adoption or revision by the Council policies and codes of conduct for members, co-opted members and officers
 - monitoring the operation of the codes of conduct
 - granting dispensations to members (including co-opted members) from requirements relating to interests set out in the Members' Code of Conduct
 - advising and training members, co-opted members and officers on matters relating to conduct
 - undertaking the same duties as detailed above in respect of parish or town Councils within the Council's area
 - considering, determining and dealing with matters referred by the Monitoring Officer
 - considering, determining and dealing with matters referred by the Chief Executive or Monitoring Officer under the Council's Whistleblowing Policy
 - monitoring the complaints made against the Council including those made via the Ombudsman service
 - assessing (and reviewing if appropriate) all complaints made in respect of breaches of the Members' Code of Conduct.
- The Committee will:
 - To oversee the arrangements for the maintenance of the Council's internal control environment
 - To monitor and make recommendations regarding the Council's corporate governance arrangements including the appointment of the external auditor

- Consider ways of achieving reductions in ongoing financial commitments through a review of essential and desirable services and service levels.
- Identify opportunities for future income generation and cost savings.
- Examine further procurement and collaborative working opportunities with the private sector and other local authorities.
- Consider the Council's published financial accounts and associated documents, including the Annual Governance Statement, and give approval to them when satisfied;
- Review the work of the internal audit section including the approval of an audit strategy and annual audit plans;
- Consider significant issues arising from internal audit reviews, make recommendations accordingly and monitor management's response;
- Receive reports from the Council's external auditors, the Council's internal auditor and from any inspection agencies and monitor action in response to any issues raised;
- Oversee the effectiveness of the Council's risk management procedures, the control environment and associated fraud and anti-corruption arrangements including the approval of amendments to the strategic risk register and associated action plans;
- Monitor and review the Council's business continuity arrangements;
- Consider the Council's arrangements for corporate governance and recommend necessary action to maintain best practice and to comply with the code of corporate governance;
- Determine the discretionary elements of both national and local conditions of service;
- Determine employment and health and safety policies;
- The power to make payments or provide other benefits in cases of maladministration (section 92 Local Government Act 2000);
- To receive reports directly from the Chief Internal Auditor as and when he/she thinks fit;
- To receive reports directly from the Council's external auditors as and when appropriate.
- The Committee may appoint Panels comprising of a proportionate combination of three or five members of the main Committee.
- To determine responses on behalf of the Council to any government, local authority or other consultation on matters within the remit of the Committee.
- Consider in detail polling district boundaries for the Borough Council's administrative area and any necessary changes to ensure that:
 - electors have such reasonable facilities for voting as are practicable in the circumstances.
 - as far as is reasonable and practicable, that polling places are accessible to all electors, including those who are disabled, and when designating a polling place, have regard to the accessibility needs of disabled persons.
- Consider polling places for the Borough Council's administrative area.
- Consider the warding arrangements for Broxtowe to ensure electoral equality in all areas.

- Consider the boundaries of parish Councils in the Borough and warding arrangements in those areas, if appropriate.
- Consider the names of Borough Council and parish Council wards.

Two joint committees exist – the Economic Prosperity, which consists of the Leaders of all Councils in Nottinghamshire to consider countywide development matters; and the Bramcote Bereavement Service Joint Committee which oversees the operation of Bramcote Crematorium, which is jointly owned with Erewash Borough Council.

Two internal committees recommend changes to employee policy pay and conditions – the Local Joint Consultative Committee which considers employee related matters and the Independent Remuneration Panel, which considers matters relating to the remuneration of members. The Independent Remuneration Panel reviewed members' allowances in January 2021 and decided on a further in-depth review due to the increase in the number of committees at the Council.

The Panel recommended no increase in the allowance in-line with the employee pay award. Full Council received the report of the Panel's findings on 3 March 2021 and accepted the recommendation.

Delegation arrangements to officers are set out in detail within the Constitution. In order to ensure that decisions are made in compliance with the law and approved policy, Chief Officers are charged with responsibility for the operation of controls within their areas of responsibility and for statutory functions as necessary. They make an annual declaration of compliance through the annual statement of internal control.

Regular meetings take place between relevant senior officers and members of the Council to discuss and propose policy.

The Constitution also includes sections on the conduct of meetings, Financial Regulations, Financial Regulations (Contracts) and Codes of Conduct for members and officers.

- 1.7. The Council established a wholly owned leisure services company, Liberty Leisure Limited, from October 2016. These arrangements have delivered cost reductions and increased income though the company operating as a commercial entity and opportunities to better fulfil the Council's aims through increased flexibility in day-to-day operations.

Full control of the company is maintained by the Council through the governance arrangements that are in place, with the Leisure and Environment Committee maintaining an oversight of the company. Liberty Leisure Limited has continued to provide a wide range of leisure and cultural activities and generates a surplus trading position.

- 1.8. A Shared Services Board, chaired by the Chief Executive, meets regularly to keep shared service arrangements under review.

1.9. Strategies, Policies and Business Plans

The Council has a suite of strategies, policies and business plans which mirror its corporate priority themes and ensures that service delivery follows a clearly set out, politically approved and strategically led approach.

1.10. Electoral Arrangements

There were no elections during 2020/21 on account of the pandemic.

1.11. Statutory Officers

The Council's statutory officers are the Chief Executive (as the 'Head of Paid Service'), the Deputy Chief Executive (as the 'Section 151 Officer') and the Interim Monitoring Officer. All three officers are members of the General Management Team (GMT) and have the authority to place reports in front of an appropriate member body where an aspect of concern and within their statutory remit comes to their attention.

In particular, they are responsible for ensuring that the Council acts within the law and in accordance with established policies and procedures. The Section 151 Officer is specifically responsible for the proper discharge of financial arrangements and must advise the Council where any proposal might be unlawful or where expenditure is likely to exceed resources.

Regular discussions are held at weekly meetings of the General Management Team (GMT) about issues where governance is of concern and periodically a specific discussion takes place to identify areas of concern on the horizon, whether these may arise from such as legislative changes, changing service demands, political matters or financial problems, risk assessment that has been undertaken and any changes in the risk environment in which the Council is operating, and matters to be reported to future committees.

The Deputy Chief Executive is the appointed Section 151 Officer and is a key member of GMT. Being part of GMT, together with meeting with leading members and attending full Council, Policy and Performance Committee, Finance and Resources Committee and other appropriate committees, as required, ensures that the Section 151 Officer can provide corporate financial advice to the Council at the appropriate level and that financial implications and risks are properly taken into account.

All reports to decision making committees incorporate a statement on financial implications where appropriate which are subject to review by the Section 151 Officer and the Head of Finance Services. As such the Council's financial arrangements conform to the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2016).

The Section 151 Officer's responsibilities include ensuring that GMT and senior members are made aware of any financial issues at the earliest opportunity and making sure that these are acted upon as appropriate.

The Interim Monitoring Officer also attends GMT. Part of their responsibilities include ensuring that any legislative changes are known about and implemented as appropriate, together with monitoring that the Council does not act unlawfully.

Chief Officers are responsible for ensuring that legislation and policy relating to service delivery and health and safety are implemented in practice. Each Chief Officer signs a Statement of Internal Control to acknowledge responsibility in maintaining and operating functions in accordance with the Council's procedures and practices that uphold the internal control and assurance framework.

In 2020/21 the Statements of Internal Control were reviewed to determine whether any further strengthening of the control environment can be achieved. Any areas identified have been addressed or are part of ongoing development of increased controls to be implemented during 2021/22.

1.12. Internal Audit

The Chief Audit and Control Officer is the Council's designated 'Head of Internal Audit' and is under the management of the Deputy Chief Executive. Whilst the Chief Audit and Control Officer is not a member of GMT, in all other respects the role is in accordance with guidance as laid down in the Public Sector Internal Audit Standards and the CIPFA Statement on the Role of the Head of Internal Audit, including their attendance at the Governance, Audit and Standards Committee and presenting reports in their own name.

The Chief Audit and Control Officer is responsible for the review of the systems of internal control and for giving an opinion on both the corporate and service specific standards in place. As reported to the Governance, Audit and Standards Committee on 20 July 2020, he has undertaken such a review and concluded that, in his opinion, "the current internal control environment is satisfactory such as to maintain the adequacy of the governance framework".

The Internal Audit Charter covers all activities of the Council at a level and frequency determined using a risk management methodology. The approach is designed to be risk-based so that it can focus resources on the key areas of risk facing the Council. The current arrangements include sharing Internal Audit management resources with Erewash Borough Council.

In advance of each financial year the Governance, Audit and Standards Committee is responsible for approving the Internal Audit Plan that governs each year's activity. Upon completion of each audit assignment, a report is produced for management with agreed actions for improvement. Regular progress reports on Internal Audit activity are submitted to the Governance, Audit and Standards Committee for scrutiny. This Committee can request

further reviews to be undertaken and can request other committees to further investigate matters arising from any activities within their remit.

1.13. External Audit

The external auditor reviews the Council's arrangements for:

- preparing accounts in compliance with statutory and other relevant requirements
- ensuring the proper conduct of financial affairs and monitoring their adequacy and effectiveness in practice
- securing economy, efficiency and effectiveness.

The external auditor gives their opinion on the Council's accounts and whether or not proper arrangements exist to secure value for money.

The Council continues to examine the use of its financial systems to help produce information for financial management, the capacity of the Finance Services teams and the financial reporting processes used to advise Members during the course of the year.

1.14. Fraud and Corruption

The Department of Work and Pensions (DWP) established a Single Fraud Investigation Service (SFIS) to manage benefit fraud investigation on a national basis. Officers employed by the Council to investigate benefit fraud transferred to SFIS in November 2015.

The Chief Audit and Control Officer is the central contact for non-benefit fraud allegations. The role of Internal Audit has been extended to act as a co-ordinating and investigating service for all non-benefit related fraud and corruption reports and to manage the Council's response to such reports. Internal Audit is supported in this by procuring specialist fraud investigation services as required from local partners, including Erewash Borough Council.

1.15. Partnerships

The Governance, Audit and Standards Committee has the responsibility to examine further procurement and collaborative working opportunities with the private sector and other local authorities. All of the policy committees have included in their remit the power to direct the work of any delivery vehicles established to deliver services within their remit. This may include partnership arrangements, including those with the voluntary and community sector. Where grants are provided to voluntary sector organisations, conditions are applied regarding the reporting of the activities of the grant receiving body and its financial standing. In particular, where grant funding exceeds a given value a service level agreement may be used to gain assurance over the use of funds.

Significant Governance Issues – Action Plan

We propose over the coming year to take steps to address the matters listed as "opportunities for improvement" to further enhance our governance arrangements.

We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.
