

Report of the Interim Deputy Chief Executive

BUSINESS RATES – NEW RETAIL DISCRETIONARY RATES RELIEF1. Purpose of report

To request that the Finance and Resource Committee adopt the proposed new business retail rates relief scheme for the 2019/20 and 2020/21 financial years.

2. Background

The Government announced in the Autumn Budget on 29 October 2018 that it will provide business rates relief of up to 1/3rd to all occupied retail properties with a rateable value of £51,000 or less in each of the years 2019-20 and 2020-21.

As this is a measure for 2019-20 and 2020-21 only, the Government will not change the legislation around the reliefs available to properties. Instead the Government will, in line with the eligibility criteria set out guidance, reimburse local authorities that use their discretionary relief powers, introduced by the Localism Act (under section 47 of the Local Government Finance Act 1988, as amended) to grant relief.

It will be for individual local billing authorities to adopt a local scheme, based on Central Government guidelines, and decide in each individual case when to grant the relevant relief. Appendix 1 details the scheme guidelines set out by Central Government.

3. Financial Implications

Central government will fully reimburse local authorities for the local share of the discretionary relief (using a grant under section 31 of the Local Government Act 2003). The Government expects local government to grant relief to qualifying ratepayers.

Recommendation

The Committee is asked to RECOMMEND that Council approve the appended New Retail Discretionary Relief Scheme for financial years 2019-20 and 2020-21.
