

Appendix 1

Corporate Plan 2024-2029

Introduction

Chapter 1 Our Place

Broxtowe has a population of 110,900 people (2021 ONS census data) and covers an area of some 80 square kilometres. In 2021, Broxtowe was home to around 9.9 people per football pitch-sized piece of land, compared with 9.8 in 2011.

Our diversity is a strength - In 2021, 88.9% of usual residents in the Borough of Broxtowe identified their ethnic group within the high-level "White" category, and "Asian, Asian British or Asian Welsh" accounting for 5.5%; 1.7% identified as Black, and those who identify of mixed heritage accounted for 2.5%, and 'Other' at 1.3%. People get along well together in Broxtowe with life satisfaction and feelings that life is worthwhile reported to be higher than in many other areas.

The south of Broxtowe is urban in nature, with the separate settlements of Attenborough, Chilwell, Beeston, Bramcote, Stapleford, Toton and part of Trowell together comprising over 60% of the Borough's population and forming part of the western side of the built up area of Greater Nottingham. Notwithstanding its urban features, the residents of Broxtowe cherish the green spaces within the urban environment, such as Attenborough Nature reserve, an important wetland area for 250 species of wild bird, attracting half a million visitors a year; and Bramcote Hills Park, the largest of the Borough's 5 green flag accredited parks, where over 250 mature tree specimens have been planted.

The Erewash Valley Trail a 30 mile walking and cycle trail connects the North and South of Broxtowe along green networks and waterways and is an example of the way in which Broxtowe Borough Council works with partners to make green spaces accessible attractive and connected to the places where people live.

The north of Broxtowe is more rural, with the largest settlements at Eastwood and Kimberley being former mining towns. Iconic structures such as Bennerley Viaduct, known as "The iron giant" (a grade 2* listed Railway Viaduct described by the World Monuments Fund as being an "extraordinary monument"); Brinsley Headstocks, and Collier's Wood (both green flag parks and nature reserves) form important cultural and historic landmarks connecting people of today with the history of their area. The Borough is also proud of its association with D.H. Lawrence, retains ownership of the place where he was born in Eastwood as a museum open to the public; and through many arts and cultural events promotes the creative inspiration associated with his work.

All of the rural parts of the Borough are within the defined Nottingham Derby Green Belt, which comprises 60.4% of the total Borough area.

The Borough has excellent access to the motorway network and good access to East Midlands Airport via junction 24 of the M1, together with excellent rail

connections at Beeston and Attenborough stations and the close by Nottingham, East Midlands Parkway and Ilkeston Railway Stations. The M1 bisects the Borough, with junction 26 within the Borough at Nuthall, while junction 25 is just outside the Borough with links to Broxtowe and the City Centre via the A52.

The Borough Council works in partnership with other local authorities, East Midlands Connect, the Neighbourhood plan group, neighbouring local authorities and the new East Midlands County Combined Authority to secure funding and infrastructure needed to unlock the growth potential of land at Toton.

The tram route provides good connectivity to Nottingham City and supplements existing public transport which serves many of the most densely populated areas in the south of the Borough and includes a park and ride site near the A52 at Toton.

Key physical features of the Borough are the Rivers Trent and Erewash, which form its southern and western boundaries respectively. The River Trent in particular forms a significant barrier to transport connections to the south, although the river itself is navigable and connected to Nottingham via the Beeston Canal. The Heritage of the waterways has been revived and brought to life by passionate volunteers who worked together with the support of the Borough Council, National Heritage Lottery and other agencies to raise funds to create and run as a social enterprise the Canalside Heritage Centre.

An LGA peer review team reported in 2022 that Broxtowe is “an ambitious council, backing up that ambition with delivery (particularly investing in town centres) and is achieving more than expected of a district council. The approach to place shaping (regeneration, housing, infrastructure) is impressive.”

We are determined to build on the success of recent years and realise our vision for **“A greener, safer, healthier Borough, where everyone prospers”**.

Chapter 2: Looking Back at the last Corporate plan period

Business Growth

Summary

There were some notable achievements under this priority heading. During the last corporate plan period, Broxtowe moved from having one of the lowest business start-up rates in the East Midlands, to one of the highest. All our town centres now have below national average vacancy rates, whereas at the start of the last corporate plan, only Beeston was in that position. A record amount of new investment was attracted to the area- the Council was successful in winning £21.1m for Stapleford through a Towns fund bid, and £16.5m for Kimberley through a levelling up bid. The Borough Council itself led significant investment projects, including the development of a new cinema complex and associated food and beverage outlets in Beeston which has been locally welcomed and attracted national attention.

Housing

Summary

The Council approved a new house building delivery plan, and employed a House Building Delivery Manager. The Council built two dementia friendly bungalows and five flats for veterans. 17 former Council homes were bought back into Council ownership. In addition, a significant pipeline of Council homes is in the process of being delivered. There were no evictions for rent arrears, and the Council managed its rent recovery to secure top quartile performance nationally while supporting tenants to manage debt and become financially sustainable, with over 700 referrals to our financial sustainability service. We led the development of the new South Nottinghamshire Homelessness and Rough sleeping strategy; increased temporary accommodation available within Broxtowe to 19 Properties; reduced the need to place homeless people outside of Broxtowe, and significantly reduced to emergencies only the length of time homeless people spends in temporary accommodation. Planning permission was secured for 4,756 new homes and 112 empty properties were brought back into use.

Environment

Summary

The Council's "Pride in Parks" scheme continued and during the plan period £706,000 was invested in improvements to parks and open spaces in Broxtowe. 11,227 trees were planted across Broxtowe and 2,250 trees were given away to residents to plant in their gardens. The Council created its Climate Change Strategy and Green Futures Programme in 2020 to provide strategic direction with regards to working towards carbon neutrality by the end of December 2027. Ninety-one percent of the actions identified in the original Carbon Management Plan, which were part of the original Climate Change Strategy, had been completed or were in progress. Further revisions of the Climate Change Green Futures Strategy have been undertaken with the latest version being adopted in March 2024. The delivery of these climate change actions has contributed to the Council reducing its carbon footprint to 2,378 tonnes of carbon dioxide (tCO₂e) in 2022/23. This is a 36% reduction from the recalculated 2018/19 carbon emission baseline. Initiatives included introducing 9 electric vehicles to the Council's fleet, saving two tonnes of carbon per year per vehicle. The Council also launched the national award-winning "Green Rewards" scheme, an online platform designed to encourage Broxtowe residents to undertake sustainable actions, which in turn helps reduce their carbon footprint. 3,000 residents are members so far. Their efforts have resulted in avoided emitting 280 tonnes CO₂e since the launch of the scheme. The Council also has a green festival programme which has been designed to engage the public in actions to live more sustainably.

Community Safety

Summary

All crime levels in Broxtowe's Community Safety Partnership area in June 23 were the best in the most similar family group of 15 community safety partnerships. The rate of crime in South Nottinghamshire was 55.52 whereas the most similar family group average was 69.73. Crime did rise from June 20 to June 23 from 10.99 to 14.46. However, partly this was accounted for by changes to recording practice. As far as violence and sexual assault is concerned the South Nottinghamshire Partnership was also best performing in its most similar family group with a rate of 20.82 compared with the most similar family group average of 15 partnerships of 30.68. Violence did rise, however, from 4.13 to 5.29 between June 20 and June 23. The Successful Safer Streets 4 funding bid (192,000) for Eastwood was implemented including installation of fixed and mobile CCTV, Electric Bikes and laptops for the Police to make them more agile and efficient, additional ANPR cameras, environmental Improvements and target hardening for vulnerable residential properties with new locks and ring doorbells. The measures helped lead to a 66% reduction in burglary, a 45% drop in vehicle crime and a 27% fall in antisocial behaviour in the 12 months from October 2022 when the project started, compared to the previous three-year average.

Health

Summary

We delivered a comprehensive Health Action Plan including actions to address food insecurity, healthy eating and social isolation; promoting physical activity to promote mental wellbeing; promotion of smoking cessation; partnership working with health and voluntary sector partners; promotion of mental health; support for people with learning disabilities; activities to improve access to health services; actions to support people to live well in older age and to support children and young people to have a healthy childhood.

Underpinning and supporting this overarching plan we implemented additional action plans including a Dementia Action Plan which helped us to progress to implement our vision to be a place where people can live well with dementia; a Child Poverty Action Plan, a Tobacco Control Plan, a Children and Young People's Action Plan; and a Mental Health Action Plan.

The evidence suggests the health of people living in Broxtowe remains generally better than the average and people live slightly less inactive lives.

Chapter 3 The Borough Consultation: “Let’s Talk Broxtowe”

Immediately following the borough Council election, a Borough-wide survey was launched seeking the views of local residents about which priorities the Council should pursue in its next corporate plan period.

820 responses were received to the survey – compared to 527 in 2019. 716 responses were online and 104 were on paper.

In addition, Senior Council officers and local Councillors held drop in events at six different places in Broxtowe. 97 people attended the public roadshow events.

A fuller explanation of the survey results can be seen on the Council’s website. (give link)

71% of respondents were satisfied or very satisfied with Broxtowe as a place to live. 18% were neither satisfied nor dissatisfied and 11% were dissatisfied.

54% of respondents were satisfied or very satisfied with the service they receive from the Council. 27% were neither satisfied nor dissatisfied and 11% were dissatisfied.

25% of respondents were satisfied or very satisfied with how the Council listens to them. 50% were neither satisfied or dissatisfied and 25% are dissatisfied.

There was strong support for all of the five proposed priorities set out within this plan, with all receiving more than 75% positive responses.

From the proposed objectives, the three which received the most support were:

1. Reduce antisocial behaviour (96%)
2. Support people to live well with dementia and support those who are lonely or have mental health problem (94%)
3. Work with partners to reduce domestic violence and support survivors (94%)

A large proportion of the responses related to items which fall outside of the Council's remit, such as roads, public transport provision, and policing.

Common themes in the responses were:

- Activities to support young people
- Being able to recycle more types of items and food waste collections
- Cleaner streets
- Prioritising brown field sites for development over green space
- Need for a greater variety of shops
- Introduction of free parking
- More transparency on Council spending
- Concerns about flood risk
- A desire for a greater sense of community with suggestions for events, groups and projects to bring people together.

Chapter 4 The challenges we face now

Housing

Broxtowe has the lowest average weekly social housing rent in the East Midlands, the lowest eviction rate, and the lowest levels of rent arrears. We have one of the best homeless prevention services and put fewer people in temporary accommodation than comparators in the East Midlands. We have a larger amount of accommodation for older people than comparable authorities and our stock has a high occupancy level. However, despite increasing activity in building Council homes ourselves, and buying back previously owned Council homes, we have a relatively low delivery rate of new affordable housing in the East Midlands, and our Housing Repairs Service needs continued improvement. There is work to do to retrofit the stock to make it more energy efficient; maintain the decent homes standard; to improve the data quality underpinning our asset ownership, and to ensure we rise successfully to the challenge of fully meeting all the requirements of the Housing Regulator. Residents are keen for us to put greater emphasis on regulating private sector housing, especially houses in multiple occupation, (for example through exploring a new licensing regime) to ensure there is a well-balanced provision of housing for all sections of the local community.

Business Growth

Whilst Beeston, Stapleford and Kimberley have attracted significant investment in the last plan period, there is a considerable challenge involved in spending, within government dictated deadlines, the remainder of the Stapleford Towns Fund and Kimberley Levelling Up Fund programmes, in order to secure the full beneficial outcomes, the Council has committed to achieve. Eastwood remains an area of higher deprivation and under investment. The Council is committed to securing significant investment for Eastwood as soon as the opportunity arises. The Council has been bold and proactive in shaping the town centre of Beeston needs to continue to review and refresh its plans in order to make the most of its asset ownership as the shape of town centres continues to change rapidly. The economic activity rate for 16-64 year olds is very low compared with other areas. Skills levels are not as high as they should be in Broxtowe and a significant proportion of the working population are on low wages. These facts are related and mean that a proportion of the population are particularly vulnerable to the pressures of the rising cost of living, food insecurity and child poverty.

Environment

The Council remains on track to achieve carbon neutrality by the end of December 2027 for its own operations. It has set out an ambitious action plan with 88 actions and is committed to delivering this within the Corporate Plan period. However, much more remains to be done to achieve the wider Borough carbon reduction goal, and this will involve significant work to retrofit private homes, and encourage residents and businesses to make the necessary adjustments to the way they live and operate. Raising recycling and composting rates has proved difficult in the last plan period, but there may be new opportunities with legislation requiring the introduction

of food waste collections, to work in partnership and do things differently in future. We are also looking forward to reviewing our Green Infrastructure Strategy and ensuring the Core Strategy review places the provision of networked green and blue infrastructure at the heart of spatial planning for the next period.

Community Safety

Crime levels in Broxtowe are generally lower than in other areas. However, levels of anti-social behaviour remain persistently higher than the Council and residents would like them to be. The rate of crimes involving violence, whilst lower than in the Nottinghamshire and England as a whole, form the highest proportion of all crime categories in Broxtowe. Domestic violence in particular continues to need to be addressed and there is a need to make our area as safe as possible for women and girls. Addressing anti-social behaviour and domestic violence are strongly held resident priorities. Residents also want the Council to work with partners to address bicycle theft, car cruising, illegal use of e-scooters and off road vehicles.

Leisure and Health

Overall in Broxtowe people enjoy good health and have more active lifestyles than elsewhere in England and most areas in Nottinghamshire. However, the quality of people's health varies across Broxtowe, and is worse in areas of higher deprivation. Contributory factors to poor health include smoking (particularly in pregnancy) which is much worse in Broxtowe than in other areas, and alcohol related hospital admissions are also quite high. The take-up rates for screening and vaccinations vary, and there are inequalities in life expectancy between men and women. Poor mental health is often associated with poor physical health and there are concerns about the mental health of young people. Whilst attendances at leisure centres post pandemic have improved, the borough faces significant challenges in raising the necessary capital to renew its ageing leisure facilities, and currently the North of Broxtowe does not have the secure provision we would like it to have. The Borough Council also has ambitions to work in partnership with health partners to ensure that there are adequate and accessible local health facilities to support the population.

Chapter 5

Proposed Corporate Plan Aims and Priorities 2024-28

Housing

AIM: A good quality home for everyone

Objectives

Build more houses, more quickly on under used or derelict land.

- Implement our Housebuilding Delivery Plan by building new, affordable, safe and energy efficient lifetime Council homes for local people.

- Review and refresh the Housebuilding Deliver Plan with new sites on which to build Council houses and acquisitions of already built homes to add to the Council's housing stock.

Invest to ensure our homes are safe and more energy efficient.

- Fully implement improvements to housing repairs to ensure timely responses to customer queries; high quality record keeping; full compliance with legal and regulatory standards, and high satisfaction rates.
- Agree and implement a plan to improve the energy efficiency of Council housing
- Support private home owners and private tenants to improve the energy efficiency of their homes.

Regulate housing effectively and respond to housing needs.

- Develop through co-production with relevant stakeholders and tenants, a new Housing Strategy which identifies and responds to housing need throughout Broxtowe
- Strengthen regulatory enforcement of private sector housing through increasing resources to do more pro-active enforcement of licensing standards.
- Actively manage the provision of student accommodation through working with partners to agree a new Student Accommodation Strategy and explore greater regulation of student housing, specifically through exploring a licensing regime.
- Prevent homelessness and help people to be financially secure and independent.

Business Growth

AIM: Invest in our towns and our people

Objectives

Develop and Implement Area Regeneration

- Attract regeneration resources to implement development plans for Eastwood
- Implement Towns fund and levelling up plans for Stapleford and Kimberley
- Continue to support growth and business prosperity in key development sites across the borough, including investment in Beeston, Toton and A610.
 - Develop a good partnership with the East Midlands County Combined Authority to attract investment resources to Broxtowe.

Support Business Employment and Skills

- Help increase the employment rate by supporting employment initiatives and the growth of apprenticeships
- Support for people to gain the skills they require, including the use of UK Shared Prosperity funds and partnership initiatives
- Help for businesses to grow, flourish and invest in Broxtowe.

Environment

AIM: Protect the environment for the future

Objectives

Reduce carbon emissions and improve air quality

- Increase the number of environment engagement events
- Work with stakeholders to create climate resilience against extreme weather events e.g. flooding and heavy rainfall through measures such as sustainable urban drainage schemes.

Continue to invest in our parks and open spaces.

- Develop a programme of investment for our parks and open spaces, including accessible facilities, litter bins, picnic tables, signage, and enhanced bike trails
- Enhance our blue and green corridors.
- Ensure biodiversity net gain positively enhances the environment in Broxtowe.

Reduce the amount of waste disposed of in the black- lidded bin and increase recycling and composting

- Facilitate re-use, mend and swap schemes.
- Increase participation in areas where recycling is currently low.
- Promote opportunities for recycling for items not currently collected from the kerbside.
- Improve enforcement against fly tipping and littering.

Community safety

AIM: A safe place for everyone

Objectives

Reduce anti-social behaviour

- Refresh and implement an Anti-social Behaviour Policy and Action Plan including reducing nuisance experienced through dangerous car cruising, irresponsible e-scooter and anti-social off road activity.

Improve public safety

- Ensure the development of a Broxtowe Crime Prevention Plan to improve public safety
- Work with partners including the Police and Police and Crime Commissioner to reduce violent crime including knife crime
- Improve safety for women and girls both online and in the public realm
- Work with partners including the Police and Police and Crime Commissioner to reduce shoplifting and abuse experienced by retail employees
- Improve cycle security infrastructure
- Work with partners including the Police and Police and Crime Commissioner to reduce domestic violence and support victims.

Drug and alcohol use

- Develop through co-production with stakeholders and people with lived experience, a Drug and Alcohol Strategy, and implement it in order to reduce the harms of illegal drug taking and dealing; the illegal use of other substances such as nitrous oxide, and harmful alcohol consumption.

Leisure and Health

AIM: Healthy and supported Communities

Objectives

Promote active and healthy lifestyles in every area of Broxtowe.

- Work with partners to develop positive programmes of activities with and for young people, and inclusive events to promote and enrich community life
- Support health partners to tackle health issues in Broxtowe including reducing smoking rates, encouraging vaccination uptake, health screening, supporting people experiencing severe and multiple deprivation and supporting fluoridation
- Develop and start the implementation of a new Public Toilet Strategy to renew and improve these facilities

Develop plans to renew our leisure facilities in Broxtowe.

- Develop an Affordable Plan and attract resources to build a new leisure centre in Bramcote
- Develop a plan for the future provision of leisure services in the North of Broxtowe
- Consider supporting the provision of discounted access to leisure facilities for carers.

Support people to live well with dementia and support those who are lonely or have mental health issues.

- Support the development of new doctors' surgery facilities in Beeston and Eastwood
- Support the development of community support for people with mental health issues and for people living with dementia and their carers through Durban House in Eastwood
- Support memory cafés in Broxtowe.

Communication and engagement Improve the way in which we listen to and engage with residents

- Improve the ease with which people can contact the Council
- Improve how we listen to people and how we demonstrate we respond
- Involve people more in shaping and designing services and strategies
 - Improve our understanding of the needs of people who are least often heard, particularly people who live in more deprived areas and those who experience poorer health and wellbeing and employment outcomes.

Chapter 6 Measuring impact

We will aim to continuously measure progress in achieving our Corporate Plan objectives and produce quarterly reports to Cabinet demonstrating the progress that we are making. We will look to use the baselines and trajectories listed in the tables below to track our progress.

The Council has a Business Plan process linked to our annual budgeting cycle. Our business plans, which are scrutinised by the Overview and Scrutiny Committee before being approved by Cabinet, mirror our corporate objectives, and within them are found detailed performance indicators for each priority area and detailed tasks agreed to be undertaken in the next year and future years to help us move forward in achieving our Corporate plan objectives.

Reports are shared with all Councillors through our "Members Matters" publication on progress in implementing our Business Plan objectives.

Housing

Critical success measures	Baseline/future trajectory	Comments	Enablers
Net additional homes added to Broxtowe's housing stock	maintain 430 each year	We need to achieve a build rate in Broxtowe of 430 homes a year to meet housing need	Core Strategy review, to ensure land availability for housing in Broxtowe
New Council homes built or acquired	24 each year	In 2023/4 for the first year in decades, we built or acquired more Council homes than	House Building Delivery Plan

Critical success measures	Baseline/future trajectory	Comments	Enablers
		we sold through right to buy. We would aim to deliver a steady pipeline of new housing for our housing stock during the plan period	
Tenant overall satisfaction	66% baseline-improve this figure consistently in each year	We will aim to consistently improve tenant satisfaction each year by improving handling of complaints, improving housing repairs, asset management and communication	Housing Strategy Complaints and Compensation Policy Housing Improvement Project Plans
Rent collected	99% minimum each year	We will aim to maintain our excellent record in collecting rent whilst supporting tenancy sustainability	Financial inclusion and tenancy support services Cost of Living Group
Homeless cases prevented	achieve min 70% of all homelessness cases where we prevent homelessness each year	We will aim to continue our excellent record in preventing homelessness, acting promptly to support people who need temporary accommodation, moving them to permanent accommodation speedily, and reduce rough sleeping	S Notts Homelessness and Rough Sleeping Prevention Strategy
Gas safety	100% *	We will achieve full compliance in 5(*) of these 6 areas by 24/5 and in all areas within 3 years	Housing Improvement Project Plans Compliance Safety Sub Committee
electrical safety	100% *		
Asbestos management	100%		
Lift safety	100% *		
Fire risk assessments	100% *		
Legionella	100% *		

Business Growth

Critical success measures	Baseline/future trajectory	Comments	Enablers
Town centre occupancy rates	Aim to achieve these rates of occupancy in our town centres Beeston 95% Eastwood 93% Stapleford 93% Kimberley 93%	We would aim to achieve the baselines quoted or above to ensure vacancy rates remain below the national average in all town centre areas	Events and cultural activities in town centres Stapleford Towns fund, Kimberley LUF fund and UKSPF funded projects affecting town centres
Planning decision times	Aim to achieve these standards consistently for processing times Major 92% Minor 94% Other 98%	Currently our planning application processing rates for “other” applications are high, which we will seek to maintain, and work to achieve a similar consistently high standard for major and minor applications.	Management focus
Employment rate (Ratio of employed residents to all residents aged 16-64)	67.8% baseline Aim to achieve an improving (i.e. consistently higher) employment rate throughout the plan period	We would work to see a gradually increasing trend over the plan period from the baseline quoted	Apprenticeship Strategy Delivery of Stapleford Towns Fund projects Delivery of Kimberley LUF projects Delivery of UKSPF projects
Business start-up rate (ratio of business births to active enterprises)	13% baseline Aim to achieve a consistently improving rate from the baseline in each year of the plan	We would work to support an increasing trend over the plan period from the baseline quoted	Delivery of Stapleford Towns fund projects Delivery of Kimberley LUF projects Economic Development and Regeneration Strategy

Environment

Critical success measures	Baseline/future trajectory	Comments	Enablers
Recycling and composting rates	37% (baseline) - 50%(target at end of plan period)	By working to promote existing opportunities to recycle and compost waste and introduce food waste collections we will aim to increase recycling and composting by around 2% a year to achieve 50% by the end of the plan period. We will also aim to reduce contamination rates to 5%	Waste Strategy Introduction of food waste collection by 1 October 2027 Green Rewards Scheme
Residual waste levels	498.77 kg per household baseline – work to achieve a consistently declining figure to 469.44 kg per household at the end of the plan period	Through active intervention we would look to work with residents to reduce residual waste by 2% a year during the plan period.	Waste minimisation work Green Rewards Scheme Community engagement
Reduction of carbon emissions from our own operations	2,378 tCO _{2e} -consistently declining to 1,865 tCO _{2e} at the end of the plan period	We aim to become carbon neutral by 2027	Implementation of Carbon Management Action Plan
Parks and open spaces achieving the Broxtowe Standard	99%baseline – improve to 100% at the end of the plan period	We will aim to maintain our excellent record in investing in our parks and open spaces and involving residents in how they should be improved.	Pride in Parks Programme Green and Blue Infrastructure Strategy Tree Management Strategy
Number of fly tipping operations	475 baseline improving to 300 at the end of the plan period	We will aim to reduce incidents of fly tipping over the plan period by 5% a year	Design out opportunities for fly tipping Enforcement activity

Critical success measures	Baseline/future trajectory	Comments	Enablers
Satisfaction with street cleanliness	54%improving to -62% at the end of the plan period	We will aim to increase satisfaction with street cleanliness by 2% each year	Additional enforcement Volunteer effort
Air Quality – number of NO2 diffusion tube samples with annual mean reading at or below 40 micrograms m	0 in each year	We would aim to continue to ensure that air quality in Broxtowe remains within acceptable monitoring limits for good human health	Air Quality Action Plan

Community Safety

Critical success measures	Baseline/future trajectory	Comments	Enablers
All crime rolling average rate per 1000 population	64.5 baseline improving in each year of the plan period	Broxtowe is a safe place to live compared with similar areas, but we aim to work to achieve a declining rate of all crime over the plan period	Notts Community Safety Agreement Broxtowe Community Safety Crime Prevention Plan
ASB rate per 1000 population	19.6 baseline and a consistently improving figure in each year	We aim to work with partners to achieve a declining rate of ASB over the plan period	ASB Protocol, and Policy Litter Strategy
Violence and sexual offences	22.1 baseline and a consistently improving figure in each year	We aim to work with partners to achieve a declining rate of ASB over the plan period	Retain White Ribbon accreditation Achieve DAHA accreditation (for good practice in tackling domestic abuse by housing providers) Implement Serious Violence and Violence Against Women and Girls

Critical success measures	Baseline/future trajectory	Comments	Enablers
			Strategy and S Notts Violence Response Plan
Feeling safe after dark	Baseline figures 67%(all) 73% (male) 53.6% (female) Achieve improvements in these rates during the plan period	We aim to work to achieve an increasing trend on perceptions of safety after dark, especially amongst females, but in all categories over the plan period	Implementation of Safer Streets funding initiatives Provision of CCTV service Safer for all Action Plan

Leisure and Health

Critical success measures	Baseline/future trajectory	Comments	Enablers
% inactive adults	22.6% baseline reducing every year during the plan period	We would aim to see a downward trend in the percentage of people who have inactive lifestyles in Broxtowe over the plan period	leisure outreach to less active people Introduce more opportunities for walking and cycling
% active adults	62.9% baseline improving each year during the plan period	We would aim to see a gradual upward trend in the percentage of people who have active lifestyles in Broxtowe over the plan period	Progress plans for new leisure centre in Bramcote and leisure opportunities in the North of Broxtowe
Personal wellbeing	7.3 baseline improving by the end of the plan period	We aim to see a gradual increase in the personal wellbeing score for people in Broxtowe over the plan period	Health Action Plan

Resident Perception

Critical success measures	Baseline/future trajectory	Comments	Enablers
Satisfaction with the area residents live in	71% baseline increasing by the end of the plan period	We would look to see a steady increase in perception for all these indicators from the baseline over the Corporate Plan period	Implementation of all the Corporate Plan objectives
Satisfaction with the way the Council delivers services	58% baseline increasing by the end of the plan period		Digital Strategy
Percentage of residents who feel the Council listens to them	22% baseline increasing by the end of the plan period		Customer Services Strategy Communications Strategy

Chapter 7 Listening and responding

We have thought about ways in which we can respond positively to the comments local people made in response to our “let’s Talk Broxtowe” survey. We have picked up the key messages and woven them into our priority objectives

YOU SAID	WE DID
<ul style="list-style-type: none"> Activities to support young people and a desire for a greater sense of community with suggestions for events, groups and projects to bring people together 	<ul style="list-style-type: none"> We’re delivering 5 Play Day events in different parts of Broxtowe for Children and Young People in the summer of 2024 We’re launching a D.H. Lawrence writing competition for children and young people in 2024. We’re delivering a new events programme with over 100 events for the local community in 2024 We’re delivering an arts festival in 2024. The festival will run during June and will include a diverse cultural mix of theatre performances, art workshops, film showings, live music, and an art exhibition. We’re building a new £6.4m state-of-the-art, accessible, energy-efficient, multi-use building with recreation and sports grounds on the Hickings Lane Recreation Ground in Stapleford. It will replace some of the town’s out-of-date community facilities and bring people of all ages together to meet, learn, play and keep fit, including facilities such as

YOU SAID	WE DID
	<p>a community café, multi-use events and learning spaces and community rooms, 3G sports pitches and changing rooms and enhanced and increased onsite car parking spaces and cycle storage</p> <ul style="list-style-type: none"> The Steven Gerard Academy, which will open its first midlands academy in Stapleford in September 2024, will use Hickings Lane as its future base for all football training and education. Not only will the Academy improve the education, health and wellbeing of children and young people and create job opportunities, it will put Stapleford on the map as a centre of excellence for sport.
<ul style="list-style-type: none"> Being able to recycle more types of items and food waste collections 	<ul style="list-style-type: none"> We are making plans to implement kerbside food waste collections by October 2027. This will involve additional investment of £2,313,150 in vehicles and other equipment, and ongoing additional revenue expenditure of £973,950 per year
<ul style="list-style-type: none"> Cleaner streets 	<ul style="list-style-type: none"> We will strengthen our capacity to take enforcement action to ensure that fly tipping and litter is reduced and that streets are cleaner.
<ul style="list-style-type: none"> Prioritising brown field sites for development over green space 	<ul style="list-style-type: none"> This objective will be embedded in our new Core Strategy review which will be put out to consultation in 2024. We are also planning to develop and adopt a new Blue and Green Infrastructure Strategy to ensure that there is a plan in place to ensure our green spaces and waterways are looked after and improved
<ul style="list-style-type: none"> Need for a greater variety of shops 	<p>We will take an active role in intervening in town centres to support our high streets through</p> <ul style="list-style-type: none"> Fully letting the newly built Beeston Town Centre food and beverage outlets Using grant funding to support town centre businesses in Kimberley Build a new “Pencil works” maker’s space in Stapleford to attract new businesses to Stapleford Seek funding support from the East Midlands Combined Authority to invest in Eastwood

YOU SAID	WE DID
<ul style="list-style-type: none"> • Introduction of free parking 	<ul style="list-style-type: none"> • The Council will review its parking arrangements to explore the potential for more short stay free parking in town centres
<ul style="list-style-type: none"> • More transparency on Council spending 	<ul style="list-style-type: none"> • We already publish significant amounts of financial data on Council spending. We will review the data to see how we can promote it and make it more understandable accessible for residents
<ul style="list-style-type: none"> • Concerns about flood risk 	<ul style="list-style-type: none"> • We will look at possible natural solutions for areas at risk of flooding throughout the Borough and plant the most appropriate species of tree and re-wild the Erewash flood plain at Toton by March 2025.

Chapter 7 Holding us to Account

Assurance and accountability in local government

There are many opportunities for Councils to be held to account and these can contribute to trust in the decision-making process. Decisions are based on openly available written advice, and the overwhelming majority of decisions made in the public interest are made in open public meetings.

The structures that reinforce this accountability include:

- free and fair elections for Councillors responsible for making public decisions
- independent external audit
- independent regulation of service standards and practice
- opportunities for individuals and their advocates to complain and seek remedy and redress for service and ethical failures.

Broxtowe Borough Council has internal controls, challenges and practices in place to ensure that we adhere to good governance principles. These include:

- **Councillor scrutiny** (through the operation of our Overview and Scrutiny Committee; questions asked at Council of Portfolio holders)
- **audit and risk controls** (internal and external audit and the operation of our Governance Audit and Standards Committee)
- **the publication of annual governance statements**
- **everyday actions taken by officers who have statutory roles** for financial matters (a summary of their delegated authority is set out in the Council's Constitution which is on our website)
- **propriety in decision-making** (officers and Councillors operate within codes of conduct, which govern how they conduct themselves in public office. Policies and procedures such as our member and officer complaints systems,

disciplinary, grievance and whistleblowing policies, help to ensure officers and members act in accordance with the Nolan principles)

- **responsibility for management arrangements** (these are summarised in diagrammatic terms in the model below)

Additionally, council's challenge and support each other to continuously improve, supported by regular peer challenge, and by sharing improvement ideas and resources.

What do councils do to assure themselves? – internal actions

Chapter 8 What you can do to help

Housing

- If you're living in a house that's too big for your needs, or you own an empty house in Broxtowe, consider downsizing, renting out a room, or bringing the property back into occupation.
- If you're a tenant, get involved in activities like estate walkabouts and tenant engagement groups to help us improve the service for you and your neighbours.
- If you're a developer to whom we've granted planning permission for housing, get on and deliver much needed housing for the community.

Business

- Support your local town centre by using the shops and facilities there.
- Keep learning! The higher skilled you are the better your chance of securing higher paid work.
- If you're a local business, provide opportunities for apprenticeship positions, training and work experience.

Environment

- Reduce your use of plastic and use public transport, or walk or cycle instead of using the car where possible.
- Recycle as much as you can and put the right items in your recycling bin to avoid contamination of recyclable materials.
- Grow your own food, plant a tree or create a pond in your garden to encourage wildlife.
- Join the green rewards scheme to improve your carbon footprint and gain green rewards for your locality.

Health

- Take steps to promote your own health and wellbeing to give yourself the best chance of living a healthy longer life.
- Be social. A healthy community is one where people volunteer and there are thriving local groups and societies in Broxtowe you can join.
- Be active. Get out and about and enjoy the good quality environment we have in our Borough.

Community safety

- Don't be a bystander – if you see criminal activity report it to the Police, if you would prefer to report a crime anonymously contact Crimestoppers.
- Get to know your neighbours and look out for them, especially if they are elderly or vulnerable.
- Don't mess with Broxtowe – clean up after your dog and don't drop litter.

Keep Up to Date

Sign up to our **Email Me Service** - subscribe to updates on the services that matter to you, all direct to your inbox. www.broxtowe.gov.uk/emailme

Follow us on **social media** for daily updates and news from across the Borough. You can find us on Facebook, Twitter, LinkedIn and YouTube.

Our **Broxtowe Matters newsletter** can be read online at www.broxtowe.gov.uk/councilpublications . If you would like to receive a hard copy of this do let us know.

Visit our **consultations page** to see how you can have your say on Council services
www.broxtowe.gov.uk/consultations

Local Councillors are able to help and represent you if you need support in dealing with a local problem or issue. You can find out how to contact them through this link
[Your Councillors : Broxtowe Borough Council](#)

Governance: The Council has a Cabinet which make decisions about services and Committees which have terms of reference contained in our constitution, which can be found on our website. Most of our Cabinet and Committee meetings are public so members of the public are welcome to attend. At certain meetings, like full Council Meetings, members of the public can ask questions by prior arrangement. Residents can also make representations to Planning Committee subject to certain conditions.

Agendas, minutes and meeting dates are published on our website at www.broxtowe.gov.uk/committees and decisions for many of the Committees are shared on our Twitter account @broxtowebc.
