

Appendix 2

Across the Borough there are 46 Council owned sites that were assessed regarding their suitability for the potential installation of AED's. Of these sites:

- Three had publically accessible AED's on the pavilions that are managed and maintained by football clubs.
- Four sites had AED's that were not publically accessible that are managed and maintained by football clubs.
- 14 sites had the appropriate infrastructure to support the installation of an AED.
- A further 16 sites have the potential to support an AED via nearby infrastructure, such as a lighting or CCTV columns.
