It includes the requirement to prepare a statutory Food Service Plan and prescribes in detail which areas of the service should be covered by the Plan.

The Plan describes how the service is discharged and details the numbers, types, and priority ratings of the Borough's food premises, the frequencies of planned interventions, sampling programmes, health promotion activities, reactive work, including responding to food complaints, food hazard warnings and investigating cases of infectious disease. As well as containing data from the last financial year, the Plan contains information on proposals for undertaking duties in 2025/26.
