5. Training Courses

Any employee who has at least 26 weeks' continuous services has the legal right to make a request in relation to study or training and to have that request considered. The Council has a duty to consider any request but it is not legally obliged to automatically agree to a request to pay for the training or to pay for the time off.

Types of courses:

5.1 Apprenticeships

The opportunity to use the Council's Apprenticeship Levy funding should always be explored in discussions with the Learning and Development team prior to any other courses being considered (see the Apprenticeship Strategy document).

5.2 Corporate Learning and Development

The Learning and Development Team will organise learning and development opportunities for employees across all directorates of the Council this includes induction and ICT, employee relations and equality and diversity training

5.3 Job specific/Technical learning and development

The employee and their line manager will work together to identify learning and development opportunities to enable employees to develop and increase the knowledge and skills so that they may competently carry out their role at the council. This may include on the job learning and development, work shadowing coaching and mentoring, online and e-learning programmes and attendance on informal and formal training events, briefing seminars and conferences.

Some of these activities may not have a direct cost, but it should be noted that there will be an indirect cost in relation to officer time and this should be recognised and built into work schedules.

5.4 Professional Courses

In some instances, it may be appropriate for an employee as part of their job to undertake a formal qualification which is essential to their profession and role within the Council.

Before agreeing to a request for any professional learning and development the line manager must have a clear idea of the commitment required from the employee in relation to term dates, day and block release commitments, course workload and the examination schedule. The manager must have a discussion with the employee to confirm that the employee has the aptitude and capacity to undertake the course and that the section can provide adequate cover when the employee is absent. The manager must also ensure that the employee understands their obligation regarding the Repayment of Fees and Expenses as detailed in section 7.3.

Support will not be given for qualification(s) of marginal value to the Council.

6. Application procedure

Employees should submit written requests for no cost learning and development to their Line Manager in line with local departmental procedures and they should not book their place on any course or event until they have received approval from their manager to take the time off.

All applications for paid learning and development must be submitted on form LD1 to the Line Manager and/or Head of Service who will send it to the Department's Administrator for them to record necessary details or to the Learning and Development Team for approval.

No bookings can be confirmed until the expenditure and time off has been approved.

The Learning and Development team should be informed of all learning and development so that they can include the details on employee's personal record.

7. Financial Assistance

7.1 Heads of Service

Heads of Service will be required to pay for job specific learning and development from their departmental budget.

The Corporate Learning and Development budget will pay for corporate learning and development courses and for professional courses of study leading to a qualification required for the employee's job role.

7.2 Qualification courses

Once approval has been given to pay for an employee to attend a professional qualification course, agreement may be given to pay for course related expenses which could include but is not restricted to:

- Course fees
- Registration fees
- Examination fees
- Reasonable expenditure on books and other essential equipment

The employee will be required to sign a Learning Agreement form LD2.

7.3 Repayment of course expenses

If an employee leaves the Council within 2 years of completing their professional training qualification and they take up a new post, they will be required to repay the courses fees and any related expenses. The repayment will pro-rata dependent on the length of time that has passed since course completion. The exceptions are if the employee is dismissed due to redundancy or ill health and all Apprenticeship Levy funded training.

Repayment is also required if an employee fails to show satisfactory progress and fails an examination or fails to attend an examination or leaves the course.

The Head of Service, following discussions with the HR Manager, may approve payment for the re-sitting of examinations where the failure or unsatisfactory progress has been due to exceptional circumstances and the employee has otherwise been making satisfactory progress.

The Council will reclaim 100% of any assistance given where the employee leaves during the course.

Repayments will exclude the salary paid in respect of the time spent studying.

Recovery of the costs will be made through a payment plan agreed with the employee.

The employee will be required to sign a Learning Agreement form LD2 agreeing to these conditions before course expenditure is approved.

7.4, Loans for Learning

Loans for Learning are available to employees to undertake courses of study that would not normally be supported as an essential requirement of their current job at the Council. A loan for learning is interest free and available at the discretion of the Council's HR Manager subject to sufficient funding being available.

A Loan for Learning Application form LD3 should be submitted to the HR Manager.

The full repayment of the loan would normally be required over a 12-month period from the date of the loan by monthly deductions directly through Payroll.

If an employee in receipt of a loan terminates their employment with the Council before the loan is repaid, the loan must be repaid. Recovery of the costs will be made through a payment plan agreed with the employee.

8. Additional levels of assistance

8.1 Payment and Expenses

Employees attending an approved learning and development activity are entitled to receive payment of normal earnings whilst attending the event together with a credit in respect of hours they are required to attend, up to a full day as appropriate. When attending training courses outside contracted working hours, part time employees should be paid on the same basis as full-time employees.

Claims for expenses should be made in the usual way as per the Travel and Subsistence Policy.

8.2 Revision and Examination Leave

Paid examination leave will be granted to enable employees to sit examinations or tests as part of their approved course of study.

In addition, paid leave will be granted to enable the employee time to prepare for the examination or test. The time granted will be double the duration of the examination or test and should normally be taken within the period of two weeks prior to the examination or test. Equivalent time may also be granted to employees taking courses which depend on continuous assessment as opposed to examination as per the Leave Policy.

9. Investing in the future workforce

Departments will offer apprenticeship training as appropriate (see the Apprenticeship Strategy document).

The Council will be proactive in helping people within the community improve their job prospects and employability. We will work with schools, colleges and universities to provide work experience placements to students to give them a greater insight into the work and services provided by local authorities and potential career options.

We will also work with partners to offer work trials and experience to residents of the borough under local and government programmes and initiatives.
